OUR MOTTO:

Live and Let Live.

**CONN BROTHERS**

Lancaster, Ky.

Are we to have a light on the water tower?

See the Old Maid's transform into blooming young girls.

Don't forget February 2nd. is "Ground Hog's day."

Last Saturday was the anniversary of the birth of Gen. Robert E. Lee.

The sloppy weather has brought sidewalks vividly to our minds, we must have them this spring.

Wheat is looking unusually pretty for this time of year, and we hear of none being ploughed up as yet.

**Cannitz Buys Store.**

Many of the base ball fans and friends of Howard Cannitz will be glad to know that he has purchased a general merchandise store near Danville and will spend his vacation there.

**Fruit Scarce.**

Owing to high water in the past two weeks there has been a partial fruit famine in Lancaster, the merchants in the cities being unable to secure fresh fruit from the south, and consequently unable to supply their country trade.

**Excellent Colored Woman Dies.**

Sarah Schooler and excellent colored woman died last Friday afternoon of cardiac asthma, and after an elaborate funeral Sunday afternoon, her remains were interred in the colored cemetery. Sarah for many years has been the cook of Mrs. U. D. Simpson, and Mrs. Simpson says she is at a loss as which way to turn to replace her.

**Amusing Comedy, The Old Maids Club.**

Lancaster will be treated to one of the best and most amusing local talent shows ever given in our town next Tuesday night. This play entitled "The Old Maids Club", is given under the auspices of the Women's Club and has been gotten up by Miss Sara Daniels of Paris, which should be unmistakable evidence of the fact that it will be good from start to finish.

Miss Daniels is an artist in any role she assumes and she will be ably assisted by fourteen local amateur artists. This attraction is full of fun from the rise of the curtain and we predict that every one who possibly can will avail themselves of the opportunity to see it.

Your Bills are past due, I need money to meet my obligation. Please come in and settle at once. Rella Arnold.

Allen Hieatt, Secty.

H. C. Bright, Prest.

**More Money For County Teachers.**

Miss Jennie Higgins asks us to state that another month's salary due the county teachers is ready for distribution Saturday.

**Anderson.**

Sadie Russell Anderson, daughter of Mrs. Pattie Anderson died at the home of her mother on Richmond street in this city at 11 o'clock on the night of the 19th inst of typhoid fever, and after funeral services at the grave by Rev. Tindler the remains were placed at rest in the Lancaster cemetery at 4 o'clock on the following, Monday, afternoon.

The death of the young lady was a particular sad one because of the fact that another sister, Miss Patsy, lies ill at the home of the same malady, and it was feared to tell her of the passing away of her sister, to whom she was devoted, for fear that it would materially injure her condition.

Sadie Anderson was well known and extremely popular in Lancaster because of her cheerful disposition and polite manner. She was 19 years of age and a student of the High School, and was a favorite with her class mates; even in the days of her extreme illness she would wave her hand to them from the window of her sick room when they would pass. Her illness was of short duration, the disease in its early stages assuming a malignant form, and all the care of a loving mother and sisters, the attendance of nurses and physicians were unavailing.

The hand of affliction has indeed fallen heavily upon this good family, another sister, Miss Alberta, being at this time convalescent from a severe siege of the same disease.

To the heartbroken mother, brother and sisters, the hearts of the entire community goes out in tenderest sympathy in their great affliction, and the sincere hope is voiced on all sides, and is heartily joined in by the Record, that the sister who is yet so ill may be spared and may rapidly recover from the illness.

**Serious Accident.**

Prominent Lincoln County Official Seriously Injured and Companions Dangerously Hurt. Auto Completely Demolished.

While returning from Lexington Wednesday night, where the Hon. W. S. Burch, county attorney of Lincoln county, and prominent attorney, accompanied by Mr. Tom Pence, hardware and implement merchant of Stanford, had been in the interest of Lincoln county concerning the purchase of road machinery, the auto in which they were riding driven by Mr. Walter Glover skidded and ran into a telephone pole on the road side completely demolishing it. Mr. Burch's injuries were very painful and serious and are probably fatal. His leg was broken between the knee and thigh and some internal injury received. Mr. Glover had his ankle broken and Mr. Pence considerably and painfully bruised. The injured parties were removed to the Good Samaritan Hospital at Lexington for treatment. The accident happened between Nicholasville and Camp Nelson in Jessamine county a few miles from Nicholasville.

Skidding of the machine, and the driver thereby losing control was the cause of the accident. Friends here expressed much regret of the unfortunate accident to the popular parties and hope that they all may soon recover of the injuries.

**Next Monday Court Day.**

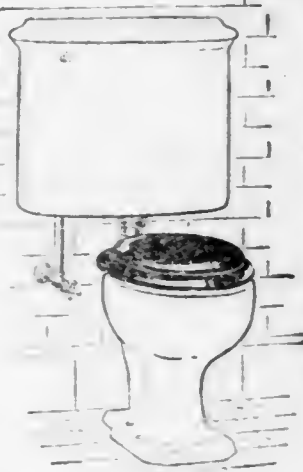

Next Monday will be County Court day and a large crowd is expected in town. The farmers are well up with their work and if they have anything to sell in the way of mules, cattle or hogs they are higher than was ever known and no doubt many head will be on the market.

## A Conscientious Job

We desire to convince you that you can leave your plumbing to us and rest assured of receiving a plumbing equipment installed the way you want it and which will stay that way.

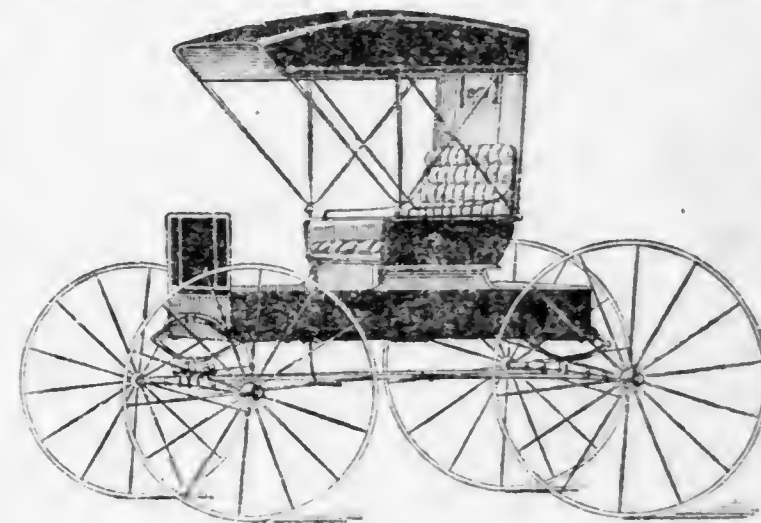

How will we do it? By giving you a detailed specification fully covering the work to be done and we will guarantee all work to be done in accordance with the specification.

A further assurance of lasting satisfactory equipment will be to have us install "Standard" plumbing fixtures which are guaranteed by the manufacturers to give 5 or 2 years service (according to grade), but will most likely give you many more years service.

1st District.  
JOHN N. WHITE.  
WALTON E. MOSS.  
SHIPTON H. ESTES.  
DAVIS SUTTON.  
2nd District.  
CHARLES C. BECKER.  
TAYLOR T. BURDETT.  
LOGAN ISON.

We have no way of knowing whether or not the insinuations against the former management of the American Fire Insurance Company are well founded. This is a newly organized concern with headquarters at Frankfort. Many persons in this city and county have recently purchased liberally of this stock. They will all feel much easier about the future of the Company since the control has passed now to the Beckham O'Rear faction. Everyone now feels assured that the former errors, if any, will be corrected as far as possible. We are wishing that our neighbors may find profit in this and all like investments that they have made. But they should know that unless future experience radically differs from past, some may be prepared for disappointment. Within our recollection many thousands of dollars have been put into all sorts of foreign schemes and investments by our capitalists. Not only do they frequently fail to have profit but those who are in a position to know inform us that the original sum invested seldom ever finds its way back home.

In view of this common experience, we wonder why those who have money do not find investment at home. In the new columns of the Record almost every week has been seen an account of some sort of home enterprise seeking financial assistance. Many have been made good investments heretofore, and others give promise. Each new business that is a success here makes us a better town and county and helps all business interest. The agricultural interest of the county is building up rapidly. Financial aid is constantly sought to make better improvements on the farms. If those who have money for investment will only let it be known, every dollar will be sought with ample real estate security. Your money will be much safer invested or loaned at home. You will help yourself, your neighbor, your town and county and find it more profitable to invest in home enterprises.

William S. Kenyon the brilliant young senator from Iowa, is the author and champion of the bill to prohibit the shipment of liquor into dry states. Prohibition has been to a large extent a myth wherever adopted, since the dry state is unable to protect itself against the mail order liquor business carried on in an adjoining wet state. As it is now the liquor trade laughs to scorn the laws of the states and then cries out, "Prohibition is a failure." If the Kenyon-Shepherd bill passes congress the trade will learn whether prohibition prohibits. Senator Root is the chief opponent to the bill. He and others along with the liquor dealers claim it is in defiance of the constitution. If that is true it is time the constitution was being changed if under its provisions, it is possible for the people of one state to nullify the legally expressed will of the people in an adjoining state. A cry should go up from all good people for State Rights. One state has no more right to invade another state, than one individual has the right to infringe upon the personal liberties of other men. The national government should not fail in this matter to keep faith with the state government, in that it has promised each state the right to enact laws, so long as it does not interfere with the national laws.

In our farmers column we have made mention of Lester Bryan, the champion corn grower of Kentucky, and just before we go to press the sad news of his tragic death by asphyxiation is announced from Washington. He left Louisville at six o'clock Saturday night and arrived in Washington Sunday night about eight o'clock. He had printed instructions from the department of agriculture to go to the Ebbitt House, but he told a policeman he preferred a rooming house and was directed to one, at which place he registered Sunday night shortly after eight o'clock; his body was found on the floor of his room Monday afternoon about three o'clock. There was every evidence he had awakened in the midst of suffocation after having blown out the gas when he retired instead of turning it out. If we moralize on this sad ending of a life of promise, we would say it goes to prove that a boy must be taught not only to work and the ways of the country, but he must also know something of the city, just as the city boy to be broad minded must know something of the country. If Lester Bryan had known more of the city lighting appliance, he would have been alive today. What all boys need, is a broad liberal education, moral, mental and physical.

The perfect physical man has been disclosed to the world in the person of James Tharpe, a 34 year old student at the Carlisle Indian School. Tharpe is a full blooded Indian from Oklahoma. This summer, at the Olympic games held in Stockholm, Sweden, he received trophies from the Czar of Russia and the King of Sweden and was hailed as the greatest athlete of all times. An accurate record of his physical proportions have been made, which will be officially recognized by trainers as the standard of the development of the perfect man. We wish such men as this would do more with their endurance, strength and speed and agility than play football, baseball, basketball, handball, hockey,

swimming and skating, to say nothing of a dozen minor sports. Why don't some of them try plowing, hoeing, digging, mauling, sawing and a dozen other major sports.

Speculation is rife and many predictions are made as to who are going to knock the plums and fill the offices for the President elect. Cabinet positions, Collectorships and Postoffices are filled daily by the "knowing ones", but the fellow who can restrain his appetite and wait until he is asked to sit down at the pie counter, seems to have about as much showing as the ravenously hungry pie eater. Woodrow Wilson has given it out to the "hungry horde" that those that take up his time and attention now must not expect him to wait on them at the pie counter later on. Woodrow is a man of his own head and we believe if lightning is going to strike you he will let you know in time to run up your lightning rod. So be seated.

A Harvard professor who caged a fishing worm and associated with it several weeks, gives out the valuable information "the common angle worm can think". Now if this savant continues his intimacy with the animal we thought was not only brainless but headless and learns its language and gives out a few interviews it will break up the fishing business. The fishing worm is the one thing we always thought we could take fishing with us that could neither think, see, smell or taste. We would just like to ask the learned gentleman one question; was that fishing worm a Rockcastle fishing worm?

There was unusual interest displayed when the National Board of the Young Women's Christian Association convened for its first day session and Miss Jessie Woodrow Wilson, a daughter of the President-elect presided at the afternoon session. It seems the new Presidents daughters enjoy the things in life that are worth while and that they will set the example not for fashion and folly but for philanthropy, music and art, in which each one is said to be gifted.

Much interest was shown in the Prohibition cause by a crowded house Sunday night to hear Dr. Tracy. Lancaster joins hands with Dr. Tracy in hoping that some day we can point to our distilleries as the grave yards of the liquor cause. We believe the day is not far distant when the "egg nog" will be no longer and the rye gone awry and the mint bed made a pasture and the corkscrew hangeth high" to say nothing of the punch bowl holding carnations.

In London, at public auction, one of Robert Burns, razors sold for \$100.00. The highest bidder must have been a bachelor for no married man would pay that much for a seam ripper, pencil sharpener or corn parer.

It's the Bull Moose does the crowing. Wears the crown and struts and brags. Wants to boss the whole creation. But the Rooster hatches the "aigs".

Representative Harvey Helm has again enlightened and enlivened debate in Congress on the Army Bill in a criticism of the efficiency of the army.

With breakfast bacon 30 cents a pound, the cow no longer has the monopoly on jumping over the moon.

The Record will exchange horns for hammers, if you cant boost dont knock.

Old Maid's and Old Bachelors if you want to get married come to the Old Maid's Club Tuesday night at Court House.

#### Old And Respected Citizen Dead.

Mr. William Reid and old and highly respected citizen of the county who resided with his son Mr. John Reid in the Cartersville section, died last week and his remains were taken to Hustonsville for interment. Mr. Reid was held in the highest esteem in the community in which he dwelt. He was a relative of Messrs J. G. and George Weatherford, W. S. Drye and W. O. Speed of Hustonsville.

#### Big Contract In Florida.

Mr. John W. Walker, who is employed by a big pipe contracting firm of Akron O., for which Frank Lusk of Hustonsville is manager, will leave shortly for a point about forty miles south of Tampa Fla., where his firm has a large contract which will keep him engaged in that locality for almost a year.

#### Tomlinson's Picture In Group.

Sunday's Courier Journal contained a group picture of Kentucky's Electoral College, and at the extreme lower left hand corner is the picture of our townsman, Hon. R. H. Tomlinson. We will venture to say the likeness of no truer democrat or one who has done more for the good of his party appeared than that of Mr. Tomlinson.

#### Another Bouquet.

The Danville Messenger gives expression to the following:

"Mr. R. L. Elkin, who recently became business manager of the Lancaster Record, has accepted the agency for an automobile. Mr. Elkin is a great hustler, but if he can run a newspaper and find time for anything else, save saying his prayers, he will do more than any other poor fellow has ever accomplished."

Our good friend "Bangs" Landram does not know that we can sell a Ford machine as quick as he can say his prayers, which being true, won't seriously interfere with our newspaper work.

#### Contract Awarded.

About ten members of the Eighth District Publishers League responded to the call of the popular secretary Mr. Hutton to meet at the Phoenix Hotel in Lexington on the 17th. To transact any business that might come before it, the most important however was the letting of the contract for supplies. Five paper houses had representatives there all anxious to knock the coveted plums. After all bids had been submitted and carefully gone over by the committee appointed to award the contract, it was soon seen that the Louisville Paper Co. was the lowest bidder and was awarded to them for one year instead of six months as was first thought. Those houses represented were, The Whitaker Paper Co., Chatfield and Woods, Deim and Wing Paper Co., Butler of Chicago, and The Louisville Paper Co.

#### A Bouquet To Our Correspondents A Hint To Our Subscribers.

We would like for the subscribers of The Central Record to look at our correspondents letters and then ask yourself the question if you ever saw a better corps of news gatherers. They are faithful and painstaking, sparing no time or trouble in helping to make the Record what it desires to be a good county paper, telling first what is of interest and what happens in "these parts". Newspaper managers are guided in a large measure by what their readers need and want. Some papers in New York, for instance, cater to the "idle rich", some to the middle class and others to the very poorest class.

Then there are newspapers that are strictly political, while others are prohibition or religious papers. Now we are going to cater first, to Garrard County, all that is of interest to you in the religious, social and political world together each week from all over our county, then the adjoining counties and then the state and national news that is of vital interest.

Our motto will be, to print all sides fairly in every matter and let the people be the judge. It takes capital though to run a newspaper. It requires a trained force to get them out, and what you may read in a short while has been a relentless grind in the newspaper office for a week. We can not pay the type-setters, the devil and the pen pushers and they in turn can not pay the butcher and the baker in thanks, so we hope a hint to the wise is sufficient. Look over your paper and if you think you are getting value received in news, pay your subscription if you haven't already done so, on the other hand if the paper is not worth the money to you, notify us and we will discontinue it.

#### Will Be Of Much Benefit.

It will be a source of gratification to the many friends of Horace L. Walker, who is attending law school in Louisville, to know that he has secured a position in the office of Judge Alex. P. Humphrey, one of the leading attorneys of Louisville, where he will be enabled to pursue his studies through the day to great advantage, and attend the law school at night. Horace graduates in June of this year.

#### We Had Rather Be Shown.

A Lincoln County man tells of a lot of stock being marooned on an island during the recent high water, among which was a cow and young calf, the stock including the cow finally plunged into the water and swam ashore, the calf sprang upon its mother's back and was taken safely to dry land. This story was "vouched for" by reputable citizens who witnessed it, but we are inclined to take it with a grain of salt.

#### Confederate Pensions.

State Pension Commissioner W. J. Stone is busy sending out pension certificates to the Confederate soldiers and widows to whom pensions have been granted. The certificates must be retained by the recipients, but the vouchers after being properly executed before a notary or some officer authorized to administer oaths, must be returned to the Commissioner who will turn same over to the Auditor who will issue warrants on same payable by the Treasurer on February 5th.

#### Attracting Much Attention.

The work on the water tower is attracting much attention, and the men at work 150 feet in the air, walking around on the narrow iron work with much nonchalance as if on the ground, are the subjects of much wonder and comment. There is a consolation to them though in the fact that they are not compelled to listen to the usual amount of advice which is forthcoming from idle onlookers, as those who are serving the work confine themselves to terra firma, and their suggestions do not reach the ears of the aerial workmen.

#### A Curiosity In This Country.

The B. M. of the Record, Mr. R. L. Elkin, has been bringing to the office during the last week great quantities of pecans, which he gave unstintingly to the entire office force. Surprised by his generosity, we asked him where he was securing the nuts, and to our great surprise he informed us that they grew at his home. He claims to have at his house a pecan tree which is seventy five years old, and which it has been handed down to him by tradition, was planted by his great grand-mother seventy five years ago, raised from a sprout produced by planting a pecan in a small box. The tree is now 75 feet high and measures 2 1/2 feet in diameter, and even at this late season of the year has several bushels of nuts on it, even after at least three bushels have already been gathered. The nuts are of excellent quality and flavor. Mr. Elkin would be glad to furnish seed to anyone who would like to experiment in pecan growing.

#### Tariff On Hemp To Be Maintained If Efforts Of Rep. Cantrill Are Successful.

At the request of Kentucky hemp growers, Representative Campbell Cantrill will this week appear before the Ways and Means Committee in an effort to have the tariff of \$22.50 per ton on hemp maintained. Kentucky now produces one half of the hemp used, the remainder coming from Russia and Italy and it is claimed that the present tariff ratio is unfair. Eastern manufacturers will ask for a reduction, Mr. Cantrill on behalf of the growers will ask no raise in the present duty, but only that the present tariff be maintained.

Kentucky formerly produced 75,000 tons of hemp, but this has been reduced to 5,000 tons, the reduction being due to the fact that cheap fibre from Manila has taken the place of the better article. There is nothing objectionable from a democratic standpoint in the growers asking such a duty as would permit equal competition, were they to ask a duty that would prohibit competition, it would smack of protection.

#### Well Known In Danville.

Mr. Logan Smith one of Lancaster's most popular young men, well known in Danville's younger set, died in that city yesterday after a rather brief illness. He was a brother of Mr. George Smith, local editor of the Record, and James W. Smith, a leading clothing man. This young man was greatly respected by everyone who knew him, and all deeply regret his death. Danville Messenger.

#### Automobile Line.

Mr. John Simpson of Marksburg, Garrard county, was here yesterday and told a reporter for The Messenger that the new automobile line from Lancaster to Lexington was proving a popular and paying investment. The car carries thirty passengers and is filled almost every day. He says the mail carrier between Lancaster and Nicholasville will buy a large car, and lively times between the rival lines are looked for.

#### Prominent Garrard Citizen.

Mr. Curt A. Robinson of Garrard county, was in town this week, the guest of his brother, Mr. Geo. B. Robinson. He is one of the best-known citizens of our neighboring county, having been long identified with farming interests, as well as taking time to put in some good and telling lectures for the Democratic party. He is a son of that grand old Kentucky gentleman, the late Col. Benjamin F. Robinson. Danville Messenger.

#### And He Is A Temperate Man.

The season is a little early for snakes that is the real live article, but the unusually warm weather for this season of the year may have driven them out of their hibernating stage, anyway Mr. Samuel Anderson, the hustling live stock buyer who resides a few miles out on the Fall Lick pike, and who by the way is a temperate man and an honorable gentleman, tells a Record man that he killed at his home last week a snake of the "cow sucker" variety which measured over six feet in length.

#### A Splendid Concern.

Every farmer who markets his tobacco at the Danville Warehouse speaks in the highest term of the treatment received at the hands of the management of that concern. Mr. H. C. Bright, the genial president of that warehouse exerts himself in behalf of Garrard county farmers, and in consequence the very best prices the market affords is obtained by them. Mr. Bright takes a very rosy view of the future outlook of the market during the remainder of the season, and freely predicts that tobacco if brought to his house dry and in good condition will bring as good, if not better prices than have prevailed earlier in the season.

#### Sunday Crap Game Near Bryantsville Results In Serious Shooting.

At a settlement known as "Grimestown" below Bryantsville on last Sunday a lively crap game was in progress. The game was being participated in by several negroes and a number of whites, among the latter being Oscar and William Graham, or Grimes, the former of Lancaster and the latter residing in the vicinity of Bryantsville. The Grimes are cousins and became involved in a quarrel over some phase of the game, when Oscar seized a shot gun and emptied the contents into William's face, inflicting a very painful and probably dangerous wound. Oscar Graham was arrested charged with the shooting on a warrant from Judge Ford's court, but was released on bond to await the result of the wounds inflicted on William Graham. Warrants were also issued for the other participants in the crap game, numbering about a half dozen.

Within the last year a determined effort has been made by the officers to put a stop to this Sunday carousing in this locality, and it was thought to be in a measure under control. A heavy fine probably awaits all the participants in the last Sunday's gambling, as well as the resulting difficulty, which will doubtless inspire in them a more wholesome respect for the law than they have heretofore entertained.

#### No Decision In Senatorial Muddle.

When the District Committee of this district met in Stanford upon the call of Chairman Penny the meeting was adjourned to last Friday at two o'clock. Mr. J. I. Hamilton Garrard County's candidate was on hand at the appointed time ready for a hearing before the committee under the contract between him and Mr. C. R. Anderson, but only a representative from Garrard and Chairman Penny were present with no quorum of the Committee. Chairman Penny called the agreement off and the candidates will now be required to go before the people with their claims at the August primary.

#### Pleasant Call To Old Friend.

We paid "Bangs" Landram a call while in Danville last Monday. Bangs was so cordial, so hearty in his congratulations, and gave us such a welcome, we felt like hanging up our socks and staying until after Xmas. Louis Landram has filled the editorial chair for more than a quarter of a century and all of these years he has moved with the times, and with a heart and mind always open to new impressions along the line of progress and for the good of the town in which he lived. You could rake through Kentucky with a fine tooth comb and you could find no more efficient, unselfish, humble editor than the one occupying the editorial chair of that good and newsy paper, The Danville Messenger.

#### "Omibus Bill" Carrying \$5,000 Appropriation In Favor Of Lewis Landram Passes Senate.

The "Omibus Bill", that big bill that carries a varied lot of appropriations, including southern war claims etc., has passed the Senate and now goes to conference. However, the bill was shorn of all save two claims, one of which was for \$5,000, due the late Gen. W. J. Landram for salary as Internal Collector of this district, and which is in favor of Lewis Landram of the Messenger. However, for "ways that are dark and tricks that are vain", the U. S. Senate is well up with the Heathen Chinese, and the bill may yet be shorn of this appropriation. We sincerely hope that it may go through this time and that Lewis may get his money, and if the efforts of Senator W. O. Bradley can prove of any avail, it will go through, as he is doing his utmost to have it passed. Sen. Bradley is in no wise discouraged about the other claims which were attached to the bill and has expressed his intention of fighting in conference to have them embraced in the bill. Many central Kentucky people have claims before the Senate which have been embraced in this bill time and again, only to be cut off it, and each time Senator Bradley has exerted every effort to have them allowed, and we hope this time he may be successful.

#### Custom House In Lancaster Approaching Nearer A Certainty Than Ever Before.

Fast upon the heels of the pleasing intelligence that U. S. District Attorney Edwin P. Morrow has placed his official endorsement upon the title papers for the lot for the proposed site for the federal building in Lancaster, comes the news from Washington that the Senate Public Building Committee had decided to report favorably an appropriation for \$55,000 for the erection of a building upon that site. Mr. Morrow's "O. K." does not settle the matter of the site, for there is such a possibility, though it is not probable, that the government may not accept his opinion as final. The favorable reporting of the appropriation does not by any means settle the matter of the appropriation; the item will simply be added as an amendment to the House bill when it reaches the Senate and the entire matter will then have to be thrashed out in conference, and this means it's fate yet remains in the balance. However, the appropriation will have two strong advocates to aid its tottering footsteps, Hon. Harvey Helm in the House and Senator W. O. Bradley in the Senate, and as we have great confidence in both of these gentlemen, and feel that they will spare no efforts in its behalf, we feel very much elated over the present status of the affair.

# BIG FIRES

Have not been necessary this winter, consequently we are overstocked with COAL, and now offer  
**Genuine Straight Creek COAL at 14c Per Bushel, Loaded On Your Wagon.**

## HUDSON & HUGHES, Lancaster, Ky.

### Commissioner's Sale of Land.

GARRARD CIRCUIT COURT.  
 Plaintiff.  
 vs.  
 Defendant.  
 Pursuant to a judgment rendered here in at the November Term 1912, the undersigned Commissioner will sell at public auction before the Court House door in Lancaster, Ky., at 11 o'clock A. M. or thereabouts on

MONDAY, JANUARY 27th, 1913.  
 it being the first day of the Garrard County Court term, the real estate mentioned in the pleadings and described as follows, to wit:  
 Said land is located in Garrard County, Ky., and was purchased by J. B. Carter from Charles Halcomb and his wife Lena Halcomb and Sam Eaton and his wife Jennie Eaton, and is bounded on the north by the lands of D. L. Gabbard, on the West by the lands of said Gabbard, on the South by the lands of F. M. Carter's heirs and Isaiah Metcalf and on the East by the Halcomb land, and containing nine acres more or less and is known as the oil well tract.  
 The purpose of the sale is to sell the land which is jointly held and owned by the parties and divide the proceeds between the parties entitled to receive the same.

TERMS.  
 The sale will be made on a credit of six months and the purchaser will be required to execute bond with approved security for the purchase price due in six months bearing six per cent interest per annum from date until paid having the force and effect of a judgment upon which execution may issue, payable to W. H. Brown, Master Commissioner of the Garrard Circuit Court and a lien will be reserved upon the property sold until all the purchase money is paid.  
 W. H. BROWN,  
 Master Commissioner of the Garrard Circuit Court.  
 L. L. Walker, Att'y.

### Electric Bitters

Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** it is the best medicine ever sold over a druggist's counter.

### Cholera Costs MILLIONS OF DOLLARS

every year to poultry and hog raisers. Last year thousands of hogs and poultry were saved from cholera and other diseases during the hot weather by the use of

**Cal-Sino**  
 The Greatest Cholera Preventive Known  
 Prevents and cures the cholera, but don't wait until it's too late. Give it to them before they get it. It's the only medicine that regulates the bowels, disinfects them, kills the cholera germ, and keeps the system healthy.

**Cal-Sino Powder**  
 For Poultry  
 Another for hogs, packed in metal cans, can't dry up, lose strength or spoil like others and won't harm. It is all medicine and guaranteed to cure.

**How to Tell**  
 Written to be understood and given free to live stock owners, our 40 page illustrated book, by our consulting veterinarian, showing how to know and showing how to cure diseases in Horses, Cattle, Sheep, Swine and Poultry, together with over 100-page Cal-Sino Remedies, including

Our guaranteed remedy for Ring Bone, Spavin, Splints or any other lameness.

 Agents wanted in other towns.

### Public Sale!

As Executor of W. E. Amon, deceased, I will on  
**TUESDAY, FEB. 4th.**

at his late residence near Bryantsville, sell to the highest bidder all of the personal property consisting of the following:  
 1 harness mare; 2 yearling heifers; 2 short horn milk cows; 1 farm wagon, nearly new; 1 buggy; 1 phaeton; 1 cutting harrow; 1 A-harrow; 3 sets buggy harness; 1 set wagon harness, plow gear, hay frame; 100 barrels of corn, in crib; a lot of baled hay and outstraw; some miscellaneous farming utensils; several stands of bees and household and kitchen furniture. All sums of \$10 and under, cash in hand; over that sum, a credit of six months with note with approved security bearing six per cent interest from date of sale.

At the same time and place I will offer for sale, the farm consisting of 210 acres well improved and in a high state of cultivation. This farm will be offered on liberal terms as to payments, which will be made known on day of sale.

J. A. AMON, Executor.  
 W. T. King, Auctioneer.

### Commissioner's Sale Of Land.

GARRARD CIRCUIT COURT.  
 William Rutledge Adm'r. of Sallie Rutledge &c. Plaintiffs.  
 vs.  
 Dovie Graham &c. Defendants.  
 Pursuant to a judgment rendered here at the November Term 1912, the undersigned Commissioner will sell at Public auction before the Court House door in Lancaster, Ky., at 11 o'clock A. M. or thereabouts on

MONDAY, JANUARY 27th 1913  
 it being the first day of the Garrard County Court term; the real estate mentioned in the pleadings and described as follows, to wit: In Garrard County, Kentucky, on the Buena Vista Turnpike and bounded as follows:  
 Beginning at a stake in the creek; thence N 89 E 51. 72 poles to a stake in said line, thence N 84-2 W 46.04 poles to a white oak formerly, now a stump, near a spring; thence N 2 poles to a stake; thence W 2 poles to a branch; thence down the same with its meanders to the beginning, containing 177-11 acres. From this tract of 177-11 acres is to be deducted about one acre being on the south side of the Bryantsville and Cane Run Turnpike road, it being all of the land of the above described tract lying on the south side of the pike.  
 The purpose of the sale is to settle the estate of Sallie Rutledge and divide the proceeds between the heirs at law, and the parties entitled to receive same.

TERMS.  
 The sale will be made on a credit of six months and the purchaser will be required to execute bond with approved security for the purchase price due in six months bearing six per cent interest per annum from date until paid, having the force and effect of a judgment upon which execution may issue, payable to W. H. Brown, Master Commissioner of the Garrard Circuit Court and a lien will be reserved upon the property sold until all purchase money is paid.

W. H. BROWN,  
 Master Commissioner of the Garrard Circuit Court.  
 R. H. Tomlinson, Att'y.

**EASTERN KENTUCKY STATE NORMAL**

### THE DOCTOR'S QUESTION

#### Much Sickness Due To Bowel Disorders.

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Relax Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Relax Orderlies are eaten like candy they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store. R. E. McRoberts & Son.

### BUENA VISTA

Mr. V. S. Evans remains quite ill.

Miss Myrtle Ruble was in Lancaster Saturday.

Miss Nettie Ison is visiting relatives at McCreary.

Several from here attended court at Danville Monday.

John L. Christopher of Lexington was here last week.

Mrs. Will Scott was a shopper in Harrodsburg Tuesday.

Mr. Will Scott lost a valuable calf from acute indigestion.

Howard and Hugh Askins of Missouri have been visiting relatives.

Miss Florence Christopher of Burgin was a pleasant visitor here Sunday.

Mr. Will Naylor has accepted a position as clerk in T. M. Scott's store.

Mr. and Mrs. Logan Duncan of Mercer spent Sunday with Mr. and Mrs. W. H. Duncan.

Mr. T. M. Scott and family were guests of Mr. and Mrs. D. S. Lane in Nicholasville Sunday.

Dame Rumor speaks of several weddings soon, 1913 is doing well so far, having succeeded Leap Year.

Miss Sophronia Fox who is teaching at Polly's Bend was called home Friday by the death of her cousin Mr. Logan Smith.

Much interest is being taken in this part of Garrard in the movement for a Consolidated School which we hope to have by next term.

Rev. Godbey of Nicholasville pastor at Brown's chapel filled his appointment Sunday morning but was unable to conduct the evening services on account of the illness of his son.

### \$100 REWARD

Will be paid to any person having any kind of pain or ache, if Shipp's Quick-Relief Liniment falls to give instant relief and the purchase price is not refunded. Try it and see.

"It is the most wonderful remedy for relieving pain I have ever used."—Capt. Anderson Berry, Lexington, Ky.  
 "I used this liniment and the pain and soreness disappeared like magic."—J. H. W. T. Ballenger, Lexington, Ky.  
 "It is the only remedy that has given me any relief since I was paralyzed four years ago."—Mrs. Susan Welborn, Newburg, Ind.  
 "For relieving aches and pains this liniment beats anything I ever saw."—J. H. Lettison, Lexington, Ky.  
 "This liniment gave me almost instant relief and has completely cured me of rheumatism."—S. H. Ewalt, Paris, Ky.

If it fails to Relieve Any Pain in Any Part of the Body in Fifteen Minutes, Ask For Your Money Back.

50c At All Druggists or  
 Bourbon Remedy Co., Lexington, Ky.

"You never miss the water until the well goes dry." We have heard this remark, "there's nothing in the paper" still when it is unavoidably detained one day, we received calls, from all over the county wanting to know why they hadn't received their paper. Now we are here to publish home news first; the coming in and the going out of our town, the births, and deaths, the marriages, and any thing that happens of interest. We ask you to phone us anything you want published and if we don't get it then it's your fault.

### BUCKEYE.

Mrs. N. H. Bogie is on the sick list.

Mrs. Mary Burton is on the sick list.

Born to the wife of Mr. Walter East a boy January 12th.

Born to the wife of Mr. William Cotton a boy January 14th.

Dr. J. S. Gilbert who has been suffering with tonsillitis is convalescent.

Miss Jennie Dickerson of Richmond is visiting her sister Mrs. George Ray.

Mrs. J. S. Gilbert was "at home" to a few of her friends Saturday evening.

Miss Florence Grow of Hackley has been visiting her aunt Mrs. Ed Chandler.

Dr. Perkins of Oklahoma was the week guest of Mr. and Mrs. Robert Long.

Mr. Willie Ray and family were guests of Mr. and Mrs. Tom Ray at Judson Sunday.

Miss Maud Scrivner has returned to her home in Madison after a visit to Mr. and Mrs. Andrew Bogie.

Mr. and Mrs. Gailey of Madison have been recent visitors at the home of Mr. and Mrs. Owen East.

Mr. and Mrs. Herbert Whitaker and children were the week guests of Mr. and Mrs. Roy Sanders at Nina.

Mr. and Mrs. T. O. Hill and daughter and Mrs. Mattie Harvey were guests at the home of Mr. and Mrs. A. C. Miles Sunday.

Mrs. Steve Hill entertained the Embroidery Club Tuesday afternoon, delightful refreshments were served and quite a number enjoyed her hospitality.

### MT. HEBRON

Mrs. J. B. Dean is victim of Gripp.

Mrs. W. B. Montgomery is suffering from tonsillitis.

Mrs. E. F. Scott who has been very ill is convalescent.

Mr. Thomas Hicks is erecting a tenement house on his farm near Bourne.

Mr. Marion Montgomery was in Nicholasville Saturday night on business.

Mrs. T. W. Thompson and daughter, Martha, who have been very sick are improving slowly.

Miss Ovale Montgomery of Franklin Ind., is the guest of her aunt, Mrs. Thomas Montgomery.

Mr. J. R. Duncan and wife of Burgin were with Mr. W. B. Montgomery and family a part of last week.

The little son of Mr. and Mrs. Wm. Eason has been suffering intensely with an abscess on the ear.

Miss Anna Montgomery who has been attending Normal School at Richmond returned home Saturday.

Mr. and Mrs. Isaac Montgomery and little son of Jessamine have been recent guests of Mrs. Lurany Montgomery.

Mr. Jas. Stone and family moved Monday to the farm owned by Mr. Thomas McMillon near Locust Grove.

Mr. A. O. Montgomery moved Thursday to the farm of H. R. Montgomery recently vacated by Mr. Arthur Montgomery.

### Loyd.

Mr. Daniel Ray and family visited Mrs. Eliza Ray Sunday.

Mrs. Bell Snyder visited her brother Mr. Maurice Long Sunday.

Mr. Less Harber of Danville, spent Sunday with Mr. and Mrs. James Sanders.

Mr. Hubert Carter spent Saturday and Sunday with his cousin Malcom Teater.

Mr. and Mrs. James Sanders spent Thursday with Mr. and Mrs. Mead Teater.

Mr. and Mrs. Dave Long and family visited Mr. and Mrs. Maurice Long Sunday.

Little Miss Martha Marie Teater the bright little daughter of Mr. and Mrs. Mead Teater is very sick.

### MARKSBURY.

Ed Sutton lost a valuable colt by death.

W. T. Doolin sold to Victor Sanders a road mare for \$165.

Rev. Bell has been called to succeed Rev. Powell as pastor of Pleasant Grove church.

Miss Mary Chesnut went to Lexington Sunday morning to visit the family of Mr. Jno. Woods.

Rev. J. W. Mahan preached a splendid sermon last Sunday morning on "Tithing" on Sunday evening "Opportunity".

About all the farmers in this vicinity have delivered their crops of tobacco and they are well pleased with the high prices received.

The following are a list who have been confined to their beds with colds, Measles, Eugenia, Kemper, Ocie Kemper, Wm. Blanks, Ed Clark and B. K. Swope of Sulphur Well.

Mr. Victor Sanders and Miss Ida Marsee, Mr. Jim Marsee and Miss Effie White went to Nicholasville one day last week and were united in marriage. The popular couples are now receiving congratulations of their many friends of this place.

Patently Green.

Old Hand (to new ticket seller at state fair)—"Ever been on the wicket before in a crush?" New Hand—"Nope." Old Hand—"Thought not." New Hand—"Why not?" Old Hand—"You give change first, and tickets afterward." New Hand—"What is the difference?" Old Hand—"Hundreds of dollars, my boy. No one ever passes in and forgets his tickets."—Judge.

### The Newspaper Man.

The newspaper man and slinger of meter.

Should be a sound sleeper and vigorous eater.

Add the learning of Paul to the fever of Peter.

Give all the news to every reader.

Of farms and alarms,

Of Zephyrs and heifers,

Of card parties and hard parties,

Describe houses as bowers of greenery and flowers,

And work on one item for hours and hours.

Know the whole range of history, from Wilson to Prim,

Know the news of all lands from New Brunswick to Siam,

Work like a dredge at a dollar per diem Love all lovely objects with no cash to buy 'em,

Such as roses and poses,

And mountains and fountains,

And pictures and fixtures,

And gorgeous pavilions for Laura, and Lillian,

And a large bank account way up in the millions.

### Our Home Town Paper.

(From The Denver Post)

When the evening shade is fallin' at the endin' o' the day,

An a feller rests from labor, smokin' at his pipe o' clay,

There's nothin' does him so much good, be fortune up or down,

As the little country paper from his Old Home Town.

It tain't a thing of beauty and its print ain't always clean,

But it straightens out his temper when a fellow's feeling mean.

It takes the wrinkles off his face an' brushes off the frown,

That little country paper from his Old Home Town.

It tells of all the parties an' the balls on Pumpkin Row,

'Bout who spent Sunday with his girl, an' how the crops'll grow,

An' how it keeps a feller posted 'bout who's up an' who's down,

That little country paper from his Old Home Town.

Now, I like to read the dailies an' the story papers, too;

An' at times the yaller novels an' some other trash—don't you?

But when I want some readin' that'll brush away a frown,

I want the little country paper from my Old Home Town.

### State University News.

(By C. B. Wilson.)

Prof. T. R. Bryan, head of the extension department of the Kentucky Experiment Station, has just returned from Washington where he has been for the past week conferring with authorities there in regard to adding new men to the extension force.

Probably at least seven new men will be added to help in the work of the Kentucky farmers.

State girls, basket ball team won over the Louisville High School girls on the latters floor Friday night. The game was hard fought throughout.

State's girls won only by a score of 20 to 19. This puts State in a good position, by winning the first game, for the state championship.

Director of athletics Coach E. R. Sweetland has resigned that position and the resignation has been accepted by Pres. H. S. Barker. Coach Sweetland will perhaps go to Purdue University as football coach or to Columbus Ohio, to take a position on the Hartman Stock Farm. He is now employed in defending T. F. Butler who has confessed his guilt in the burning of Prof. Anderson's office on the night of October 30, 1912. It is with the greatest friendship, love and admiration that the faculty and student body see Coach Sweetland leave. Every one feels that he has lost a true friend, not only a football coach but an instructor, adviser and a friend to all, a moral man who stood behind every movement that tended to uplift the morality of State University. We only trust that he will gain in his new position, wherever that may be, as many friends as he left here.

Prof. T. W. Shannon, the greatest lecturer on the American platform, will lecture to the student body, faculty and visitors in chapel Tuesday morning on Heredity. On this tour Prof. Shannon has lectured to thirty Southern Colleges. Between now and June he will travel over six thousand miles lecturing to eighty-three colleges and sometimes lecturing three or four times a day. An arrangement has been made for Prof. Shannon to deliver a series of lectures that are of vital importance to both sexes.

### Hogwallow News.

Fit Smith is having his shoes remodeled, and will occupy them next week.

Ellick Hellwanger is fixing to celebrate his wooden wedding next week with a quart of wood alcohol.

Tobe Moseley's mule is able to be around again after being propped against a persimmon tree for several days.

Slim Pickens has received through the mail a bottle of dandruff cure and he is taking two spoonfuls after each meal.

Luke Mathews has a good hawk pen for sale cheap. It would make a good front yard, and Luke may move his house up behind it.

Cricket Hicks has gone up to Tickville to get an almanac, as he is on the program for a lot of original jokes at Rye Straw Saturday night.

Bullets have been falling in Hogwallow for the past ten days. They are thought to be those Raz Barlow fired at the moon a few nights ago.

Atlas Peck can't see why his left shoe wears out so much quicker than his right, when his right one does just as much walking as his left.

Until times get better and the financial questions of the nation get settled the Old Miser on Musket Ridge will live on two hickory nuts per day.

Fletcher Henstep's hogs are being fattened and have been turned loose in the Musket Ridge corn patches. They all wear lanterns as it is late before they get in at night.

Poke Easley has been puny this week with lumbago, and had to be excused from singing at the Dog Hill church Sunday, being too weak to carry a tune and lift his voice.

Isaac Hellwanger fell off of a foot-log while watching a panel of fence float down Gander creek the other morning. He says it dont pay to get too interested in one thing.

Yam Sims appeared in public last week with a new pair of pants and a striped necktie. They have made a wonderful change in his appearance, and until they were out he will rank among our best people.

The Dog Hill preacher will be surprised by his congregation next Sunday morning when they give him a Christmas present, which they have already bought. The preacher is greatly surprised every time his congregation gives him anything.

Sim Flinders has brought back with him from the Calf Ribs neighborhood a feather bed made of owl feathers. While coming home with it on his back the other night it was so soft and downy he fell to sleep while walking along the road.

Some miscreant, either through malice or pure cussedness, crept into Hogwallow night before last while everybody was over to the Wild Onion school-house, turned the post office around with his hind end toward the front.

Tobe Moseley took his jug over to the sorghum mill early Tuesday morning of last week after some molasses, and has not yet returned. No grave fears, however, are entertained on account of his protracted absence, as sorghum molasses run slow in cold weather.

A dawg fight attracted a lot of attention and broke up the conversation at the Hog Ford moonshine still-house the other day. One of the dawgs belonged to Poke Easley and the other to Jefferson Potlocks, and the difficulty came up over some misunderstanding between their owners.

# OUR WHITE SALE WILL CONTINUE ALL THIS WEEK.

This is your one best opportunity to buy Table Linens, Napkins, Towels, Linen Sheets and Pillow Cases, White Goods, Muslin Underwear, Bed Spreads, Etc., at SUBSTANTIAL REDUCTIONS from regular prices. We are showing many new lines of White Goods and Wash Goods and Embroideries, which are well worth your attention.

DANVILLE, **A. B. Robertson & Bro.,** KENTUCKY.

## HOW OLD ARE YOU BY YOUR HAIR.

You may be 30 in years, but if you are baldheaded or gray, people will surely take you to be many years older. Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistency worthy of a better cause there would be no baldness.

PARISIAN Sage, American's greatest hair restorer, will keep you looking young and attractive.

It is guaranteed by R. E. McRoberts & Son to make hair grow and stop falling hair; to cure dandruff in two weeks; to stop itching of the scalp almost instantly.

PARISIAN Sage is the most invigorating, satisfying, and pleasant hair dressing made; it makes the hair soft, luxuriant and handsome; it is especially praised by women who love beautiful hair. 50 cents a bottle.

## Colorado Women Ahead Of Kentucky Women In Politics Only.

Mrs. Helen Ring Robinson and Mrs. Frances S. Lee, the two lone women in the Colorado Legislature, intend to wage an active fight for progressive legislation during the present session of the Legislature. They are backed up by the women of the State. Here are some of the things they are fighting for:

A mother's pension.  
Women inspectors in factories.  
Minimum wage.

Law requiring health certificate to secure marriage license.

Mrs. Robinson has for some years been identified with the progressive movement in Colorado. Two years ago she gained a reputation that extended beyond the borders of her State by the part she took in the fight for a pure water supply in Denver. She is a Denver lawyer and newspaper woman.

Mrs. Robinson is a member of the State Senate, Mrs. Lee is a member of the House of Representatives. Thus Colorado women are represented in both branches of the Legislature.

## Surely Banishes CATARRH

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs, and colds. HYOMEI is sold on money back plan by R. E. McRoberts & Son. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEI if afterwards needed, only 50 cents. Just breathe it—no stomach dosing.

## Committee Election On Saturday. Little

Interest And No Contest In The County. Committee Fails To Meet And Elect Chair-

man.

Last Saturday was the appointed time for the election of precinct committeemen. The oldest democrats do not remember a time when so little interest was taken here in the making of the party organization. There was no meeting held and no election in East Bryantsville precinct, and in several others only two or three Democrats were present. The lack of interest is attributed to the fact that the new compulsory primary law largely relieves the committee of its authority over elections and destroys its power. Another reason assigned for the lack of interest is the harmony that exists in the party, there being no frictions now striving for supremacy in the organization.

So little interest has been taken that the duly elected committee failed, as required by the rules of the party, to meet on last Monday and select a chairman. The committee will probably meet at an early date by mutual consent and nominate a chairman. The following democrats were elected as the committee: Court House, Loyd Bourne, re-elected, East Park, W. H. Brown, re-elected, West Park, James Clark, Jr. West Bryantsville, Clarence Rubles. Buckeye J. O. Bogie, Walkers School House, Joe Ross, re-elected, Union, Ebb Scott, Paint Lick, E. L. Woods, re-elected.

## How Any Woman Can Cure INDIGESTION.

Most stomach remedies are make-shifts—they give relief but afterward the stomach is just as weak, just as unable to digest the food as it was before. Women especially should not depend on relievers only. MI-O-NA Stomach Tablets not only give prompt relief but they put strength and elasticity into the stomach walls and cause the digestive juices to act naturally.

They do more; they force the digestive organs to supply the blood with pure nourishment which is carried to the muscles, nerves, brain and skin. Result: healthy muscles, strong nerves, clear heads and clean skin. R. E. McRoberts & Son guarantees MI-O-NA Stomach Tablets—50 cents.

## STANFORD.

Mrs. Robert T. Bruce has had as her guest Mrs. W. L. Hockaday of Richmond, Ky.

Mrs. M. S. Baughman who has been quite sick at her home near town is very much improved.

Miss Sallie Elkin came over last week and organized a class in china painting. She will have rooms at Mrs. T. W. Pennington's while here.

Friends and acquaintance will learn with pleasure that Mr. Bowen Goode who has been critically ill of blood poisoning is improving steadily.

Mr. Robert Nave, whose home was at Braxton, Mercer county, died at Rochester, Minn., where he had gone for an operation. His body was brought to Danville, where it was buried on Tuesday afternoon. The deceased was a brother of Mrs. S. L. Burdett of this place.

An unusual crowd came to town Saturday, the attraction being the election of County Committeemen. The new Committee met Monday and selected Mr. Walter O. Walker, formerly of your County, their Chairman, and Mr. R. M. Newland, Secretary. While a great deal of interest was manifested there seems to be no hard feeling. Mr. Penny has made a splendid Chairman and his many friends are sorry to see him retire, but are ready to fall in with the new Committee and give them the benefit of their experience.

The "Tobacco Show", conducted by Mr. R. M. Newland, scheduled to be decided last Monday, County Court day, could not be finally decided until Saturday, because of Mr. A. W. King, of Danville, who was to act as judge was unable to be present on Monday. Mr. King came over Saturday and out of the exceedingly good lot of tobacco on display selected as the three best exhibits those sent by the following gentlemen. Glass and Mullins, of Bryantsville, first prize, \$15. in gold. Mr. J. L. Grubbs, of Hustonsville, second prize, \$7.50, in gold. Mr. R. H. Bronaugh, of Crab Orchard, third prize, \$2.50. The growers took a great deal of interest in the display and showed their appreciation of Mr. Newland's efforts on their behalf by taking part in the show.

A bevy of charming Old Maids at the Court House, Tuesday night. Come ye Bachelors and Widowers and get spliced for the small sum of 25, 35 and 50cts.

## POSTED

The undersigned hereby give warning to all persons not to transgress upon our lands for any purpose whatever as we will prosecute all offenders to fullest extent of the law. Hunters and Fishermen especially take notice.

## Touching Tribute.

The Pecos (Tex.) Record-Times gives the following account of a memorial service held to the memory of the late Judge John Y. Leavell, by the public schools of the city. Judge Leavell was county judge of Reeves county, of which Pecos is the county seat, and was a strong exponent of the cause of education.

"Services in memory of Judge Jno. Y. Leavell were held in the auditorium of the public school, Monday morning. The address for the services was given by Rev. Hedgpeth. He talked to the children with such simplicity and tenderness as to give even the smallest child a wholesome conception of death. He compared life to school and death to graduation, telling them that because Judge Leavell had done his work well God allowed him to graduate. He explained that the best memorial to those we love is for us to live as they would have us live. So each child should, as Mr. Leavell did, do his work well, and think unselfishly of others. Miss Pruett rendered a beautiful and appropriate solo. Then a motion to adopt resolutions of love and respect for Judge Leavell was made and unanimously carried.

## The Farmer.

When the trains pull in and you grab your grip,  
And the hackman's there with his frayed out whip,  
And you call on your man and try to be gay,  
And all you get is "nothing doing today".

Then you're a salesman,  
By gad, you're a salesman.  
When you go into town and call on a man,  
"Can't talk to you Bill, don't know when I can".  
You size up his looks, make a rough count,  
Then presently he says "I feel down and out".  
Then you know he's a town man,  
By gad, he's a town man.  
But as you travel along an everything's fine,  
And you don't have to get up and get a shine,  
When you talk, and you smile and the world looks bright,  
And you don't have to order beefsteak every blamed night.  
Then you're a country man,  
By gad, you're a country man.

## Cost of Foundation.

It costs more to procure the foundation stock of pure-bred animals, but it costs no more after that to raise them.

A pile of coal ashes and salt will keep the hogs close to any spot where it lies.

Every farmer should have a small wheel seeder and a small wheel garden hoe.

After a day's work clean the work horses thoroughly, wash their legs from the knees down and rub dry.

Raise horses for big money, cattle for sure money and hogs for quick money, is an old saying, and a good one.

A year ago there was more stock than there was feed. Now there is feed for more stock than can be found.

In building a wire fence for hogs put one barbed wire at the bottom and the worst rooster in the pasture won't root out.

Don't be afraid to apply air-slaked lime to the cabbages with a blow gun. It will destroy the worms on the head of the cabbage.

Red raspberries do not thrive in the west as well as we could wish. They seem to like a moister, cooler climate better. They are also more likely to winter-kill in the west than the black varieties.

The best care for a well-developed case of roup is the ax. Better lose the individual bird than endanger the entire flock. If we nip the slight colds in the bud, we need not fear the appearance of roup.

The dairyman may have plenty of chores to do, but he is getting an income every day in the year. He isn't like the exclusive grain raiser, a millionaire three months in the year and a pauper the rest of the time.

Although summer will soon be over there still remain 30 days in which summer heat will at times prevail. While this weather continues remember that the hotter the water the cleaner the milk things can be kept.

# APPROVES RULES FOR PARCEL POST

Postmaster General Issues Regulations Governing System.

## WHAT MAY BE SENT BY MAIL

Gives American People Opportunity to Send Farm and Factory Products by Mail From and to Any Point in United States.

Postmaster General Hitchcock has just approved the regulations which cover in detail the articles which may or may not be sent by parcel post. These regulations are now being turned off at the government printing office on a "rush order" and they will be distributed as rapidly as possible.

The rules as to what can be sent and what cannot be sent and the instructions for the preparation of mailable articles with other "official advice" are given here as they have just been prepared by the postoffice department in Washington.

The minimum rate will be five cents for the first pound and three cents for each additional pound to any point not exceeding fifty miles from the office of mailing; the local rate, which is five cents for the first pound and one cent for additional pounds, applies to all parcels the delivery of which does not involve their transportation on railway lines. The rates increase for each successive one of the eight zones, the maximum rate being twelve cents a pound, which will carry a parcel across the continent or to any of our possessions. Parcels will be limited to eleven pounds in weight and six feet in length and girth combined.

## Mailable Perishable Articles.

Butter, lard and perishable articles such as fish, fresh meats, dressed fowls, vegetables, fruits, berries and articles of a similar nature that decay quickly, when so packed or wrapped as to prevent damage to other mail matter, will be accepted for local delivery either at the office of mailing or on any rural route starting therefrom. When inclosed in an inner cover and a strong outer cover of wood, metal, heavy corrugated pasteboard or other suitable material and wrapped so that nothing can escape from the package, they will be accepted for mailing to any offices within the first zone or within a radius of 50 miles. Butter, lard, or any greasy or oily substance intended for delivery at offices beyond the first zone must be suitably packed. Vegetables and fruit that do not decay quickly will be accepted for mailing to any zone if packed so as to prevent damage to other mail matter. Eggs will be accepted for local delivery when securely packed in a basket or other container. Eggs will be accepted for mailing regardless of distance when each egg is wrapped separately and packed in a container.

There is no restriction on salted, dried, smoked or cured meats and other meat products, but fresh meat in any form will be transported only within the first zone.

Parcels containing perishable articles must be marked "PERISHABLE," and articles likely to spoil within the time reasonably required for transportation and delivery will not be accepted for mailing.

## Manufactured Articles.

Manufacturers or dealers intending to transmit articles in considerable quantities are asked to submit to the postmaster for approval a specimen parcel showing the manner of packing.

When sharp pointed instruments are offered for mailing, the points must be capped or encased. Blades must be bound so that they will remain attached to each other or within their handles or sockets.

In Powders, pepper, snuff, or other similar powders not explosive, or any similar pulverized dry substance, not poisonous, may be sent when inclosed in cases made of metal, wood or other material to render impossible the escape of any of the contents. Flour of all kinds must be put up in such manner as to prevent the package breaking or the flour being scattered in the mails.

Queen Bees and Nursery Stock. Queen bees, live insects, and dried reptiles may be mailed in accordance with the regulations that now apply to other classes of mail.

Seeds of fruit, nursery stock, and all other plant products for preparation may be mailed under the same conditions.

## Confectionery and Soap.

Candies, confectionery, yeast cakes, soap in hard cakes, etc., must be inclosed in boxes and so wrapped as to prevent injury to other mail matter.

Sealed original packages of proprietary articles, such as soaps, tobacco, pills, tablets, etc., put up in fixed quantities by the manufacturer, and not in themselves unmarketable, will be accepted for mailing when properly wrapped.

## Military.

Fragile articles, such as millinery, toys, musical instruments, etc., and articles consisting wholly or in part of glass, or contained in glass, must be securely packed and the parcel stamped or labeled "FRAGILE."

## Unmarketable Matter.

The following matter is declared unmarketable by law: Matter manifestly obscene, lewd, or lascivious; articles intended for preventing conception; articles intended

Prepare a plot for alfalfa.

Prune grape vines in the fall.

Keep all refuse out of the garden.

Kindness beats gruffness in getting work out of horses.

If you find an extra good pumpkin or squash be sure to save the seeds.

Equal parts of corn and oats are hard to excel as a grain feed for sheep.

for indecent or immoral purposes; all matter otherwise marketable by law, the outside cover or wrapper of which bears and delineation or language of a libelous, scurrilous, defamatory, or threatening character. All such matter, when deposited in a post office or found in the mails, shall be withdrawn and sent to the divisions of dead letters.

## Intoxicants, Poisons and Inflammable Materials.

Spirituuous, vinous, malted, fermented, or other intoxicating liquors of any kind; poisons of every kind, and articles and compositions containing poison, poisonous animals, insects and reptiles; explosives of every kind; inflammable materials (which are held to include matches, kerosene oil, gasoline, naphtha, benzine, turpentine, denatured alcohol, etc.), infernal machines, and mechanical, chemical or other devices or compositions which may ignite or explode; disease germs or seeds, and other natural or artificial articles, compositions or materials of whatever kind which may kill, or in any wise injure another or damage the mail or other property.

## Pistols, Animals and Birds.

Pistols or revolvers, whether in detached parts or otherwise; live or dead (and not stuffed) animals, birds, or poultry, except as elsewhere provided; raw hides or pelts, guano, or any article having a bad odor will not be admitted to the mails.

## Treatment of Undeliverable Parcels.

Perishable matter will be delivered as promptly as possible, but if such matter can not be delivered and becomes offensive and injurious to health, postmasters may destroy it, or the injurious or offensive portions thereof.

Undeliverable perishable matter which in its nature does not become offensive or injurious to health may be delivered by postmasters to the proper local municipal authority to be distributed to hospitals, asylums or other charitable or reformatory institutions. If there is no such municipal authority, the matter may be delivered to any charitable institution or organization making application therefor. If no application is made, the matter will be destroyed at the expiration of two weeks.

## Parcels Improperly Packed.

Postmasters will refuse to receive for mailing parcels not properly inclosed or packed for safe shipment.

When parcels on which the postage is wholly unpaid or insufficiently prepaid is deposited for local delivery and the sender is unknown, notice of detention need not be sent but such matter will be delivered and the deficient postage collected from the addressee by the carrier. If the addressee refuses to pay the postage the matter will be sent to the Division of Dead Letters.

## Insurance on Parcels.

A marketable parcel on which the postage is fully prepaid may be insured against loss in an amount equivalent to its actual value, but not to exceed \$50, on payment of a fee of ten cents in parcel post stamps, such stamps to be affixed.

When a parcel is insured, the sender will be given a receipt showing the office and date of mailing and number of the parcel.

When a return receipt is desired by the sender of an insured parcel the postmaster at the mailing office will note the request on the margin of the insurance tag, and the postmaster at the office of address will obtain from the addressee a receipt and mail it to the sender.

The liability for indemnity shall cease when delivery has been effected.

## Forwarding of Parcels.

Parcels may be remailed or forwarded on the payment of additional postage at the rate which would be chargeable if they were originally mailed at the forwarding office in which case the necessary stamps will be affixed by the forwarding postmaster. Payment must be made every time the parcel is forwarded.

## Preparation for Mailing.

Parcels must be prepared for mailing in such manner that the contents can be easily examined. A parcel will not be accepted for mailing unless it bears the name and address of the sender preceded by the word "From."

In addition to the name and address of the sender, which is required, it will be permissible to write or print on the covering of a parcel, or on a tag or label attached to it, the occupation of the sender, and to indicate in a small space by means of marks, letters, numbers, names or other brief description, the character of the parcel, but ample space must be left on the address side for the full address in legible characters and for the necessary postage stamps. Inscriptions such as "Merry Christmas," "Happy New Year," "With best wishes," and the like, may be placed on the covering of the parcel in such manner as not to interfere with the address.

## Distinctive Stamps.

The law requires that the postage on all matter must be prepaid by distinctive parcel post stamps affixed. Postmasters cannot receive for mailing parcels that do not bear such stamps.

Parcel post stamps are not valid for the payment of postage on matter of the first, second, and third classes, and when used for that purpose, the matter to which they are affixed shall be treated as "Held for postage."

## Maps and Guides.

Parcel post maps, with accompanying guides, are to be sold to the public at their cost, 75 cents, through the chief clerk of the post office department. In ordering maps care should be taken to specify the post office from which the postage rates are to be determined.

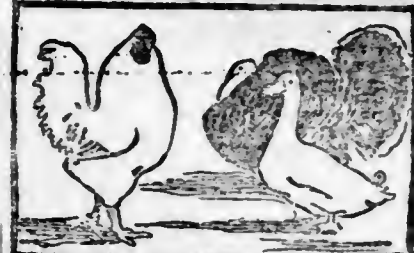

Sheep are almost essential in maintaining the fertility and cleanliness of the land.

Selling all the hay and grain raised on the farm is a sure method of selling the farm.

Ewes that are broad and long will make good mothers and produce vigorous offspring.

Creamery butter has an advantage over all the other kinds because of its greater uniformity.

# POULTRY

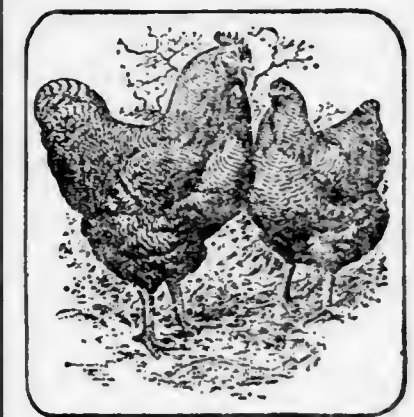

## HARM IN CROWDING THE HEN

Results Given of Interesting Experiments Made at Maine Station—Must Have Room.

The Maine experiment station recently finished a test to ascertain the number of hens most profitable to keep in pens. All the pens were 10 by 16 feet, giving 160 square feet. The hens were Brahmas and Plymouth Rocks, and these tests continued six months.

The pens were fifteen, twenty, twenty-five and thirty to a pen. The

Barred Plymouth Rocks.

conditions and hens were as much alike as possible to make the test a conclusive one.

The pen with fifteen hens made a profit of 80 cents per hen, and the eggs laid numbered 976.

The pen with twenty hens made a showing of 1,208 eggs for the pen and a profit of 71 cents per hen.

The pen with twenty-five hens made a laying record of 1,325 eggs and a profit of 35 cents per hen.

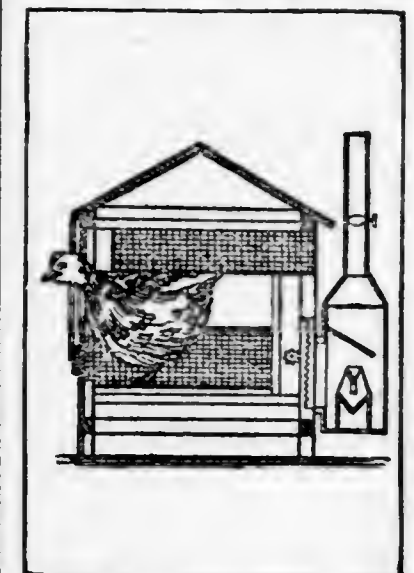

The pen with thirty hens had an egg production of 1,200 and a profit of 30 cents for each hen.

The experiment shows distinctly that hens can be so crowded as to reduce the profit of an egg farm. The difference of twenty-five eggs per hen for six months is great. On the basis of fifteen to the pen the profits of the total ninety hens were \$73; on a basis of thirty to the pen the profits were \$36. In each case the actual cost of feed was deducted.

## FOR FUMIGATION OF FOWLS

New York Man Designs Coop Especially Adapted for Removing All Injurious Vermin on Bird.

For the fumigating of fowls, to remove the vermin which are so injurious, a New York man has designed an effective apparatus. In a coop, specially made are guide rails and between these rails the chicken is placed, with its wings spread out over bars that

Fowl Fumigator.

run alongside. Near the top of the coop is a hole for the fowl's head, so that she need not breathe the poisonous atmosphere. A key is turned and the fumes rush into the coop and penetrate the bird's feathers, killing off all lice and other insects. Little chicks can also be fumigated in this device by being placed in a basket that hangs above the place designed for the old fowl.

# HORTICULTURAL NOTES

Fill up those vacant spaces in the  
orchard with some good fruit trees.

It is never too late to start in the  
fruit business, enough at least for the  
home supply.

Good, young apple trees come high,  
but the poor ones are dearer than  
any other kind.

There will be a very heavy demand  
for trees next spring, and late orders  
will certainly be unfilled.

Five feet apart is about the right  
distance for the currant and goose-  
berry bushes. Do not crowd.

If you want a fine, early yellow  
peach, put two or three Triumph  
trees in your next nursery order.

Wood ashes are valuable to spread  
around fruit trees for small fruits and  
vegetables; they should not be  
wasted.

The root louse often causes apple  
scab, and ashes or lime around the  
trunk will stop the ravages of the  
root louse.

Expert orchardists recommend seed-  
ing the orchard to crimson clover—  
or rye to be plowed down the follow-  
ing spring.

While apples do not rank high as  
pig feed it is best to give them to the  
pigs rather than to let them rot un-  
der the trees.

The peach makes a good stock for  
some variety of plum. It has a larger  
and stronger root system than most  
plum varieties.

The climate and conditions that are  
best for the apple are best for the  
human family. Both thrive best in  
the temperate zone.

In heeling in trees remember to  
cover the tops as well as the roots.  
Rabbits can bark heeled-in trees as  
easily as those planted in the orchard

# QUESTION CLEARED UP:

Lancaster Readers Can No Longer Doubt  
The Evidence.

Again and again we have read of  
strangers in distant towns who have  
been cured by this or that medicine.  
But Lancaster's pertinent question has  
always been "Has anyone here in Lan-  
caster been cured?" The word of a  
stranger living a hundred miles away  
may be true, but cannot have the  
same weight with us as the word of  
our own citizens, whom we know and  
respect, and whose evidence we can so  
easily prove.

**I. D. Austin**, blacksmith, Stanford  
Pike, Lancaster, Ky., says: "I can  
recommend **Doan's Kidney Pills** for  
they did me a lot of good. I had weak  
kidneys and the kidney secretions were  
irregular in passage. My back pained  
me. The use of **Doan's Kidney Pills**  
strengthened me in every way."

For sale by all dealers. Price 50 cts.  
**Foster-Milburn Co.,** Buffalo, New  
York, sole agents for the United States.

Remember the name—**Doan's**—and  
take no other.

# Facts Of Interest About Hookworm Disease

In a recent issue of the Winchester  
Democrat, Dr. I. A. Shirley of the  
State Board of Health, who attend-  
ed the Conference of Sanitary Work-  
ers in the Southern States at Little  
Rock, Arkansas, recently, gives the  
following facts which are of interest  
to the people all over Kentucky.

1st. It is the firm belief of every  
one engaged in the work of improving  
sanitary conditions in the South so as  
to make it possible to prevent disease  
and make life longer and healthier,  
from the Administrative Sanitary  
Secretary in Washington to the field  
men on the firing line, that no greater  
work has ever been undertaken since  
that of the meek and lowly Galilean.

2nd. That eradication of the hook-  
worm disease and not amelioration is  
not only possible but that nothing  
short of this will suffice the work of  
the workers.

3rd. The same story came from all  
parts of the Southland of well nigh  
miraculous cures.

4th. The belief, born of experi-  
ence, that no other disease holds its  
unfortunate victim so long as hook-  
worm disease; that no other disease  
makes the one afflicted with it for  
such a length of time a menace to  
those around him; that no other dis-  
ease of equal magnitude is so surely  
and speedily curable.

5th. That no other disease shows  
such a variety of symptoms and some-  
times no symptoms at all, as hook-  
worm disease.

6th. That while as a rule it is to be  
found where the sanitary conditions are  
the worst; that is, where the privies  
are not water tight and fly proof, yet  
it is found under better surroundings  
sufficiently often to make it the  
imperative duty of every one, who  
leaves ideal environments for even a  
short time to seek examination lest the  
monster disease, like a thief in the  
night steals a march upon him, to be  
diagnosed when it may be everlastingly  
too late.

7th. Hookworm carriers, persons  
harboring very few worms and  
positively without symptoms, except,  
occasionally, indigestion, are among the  
most dangerous members of the  
community as propagators; hence the  
duty that everybody owes to them-  
selves and the community to be ab-  
solutely certain that they are free from  
these worms.

8th. That from the examination of  
more than 30,000 people from 118  
counties our own beloved State is found  
to be one of the most heavily infected,  
and we earnestly hope for such a co-  
operation of our fighting facilities, county,  
municipal and individual, that ere long  
it can be truthfully said that Kentucky,  
the flower of the constellation of South-  
ern states, is for one, at least, free  
from this blighting curse.

9th. That every citizen who has not  
already done so, should secure a copy  
of the Bulletin of the State Board of  
Health from its office in Bowling Green,  
telling about this disease and should  
submit the necessary specimen so they  
can know whether the have it or not.

# HAIR HEALTH.

If You Have Scalp Or Hair Trouble,  
Take Advantage Of This Offer.

We could not afford to so strongly  
endorse **Rexall "93" Hair Tonic** and  
continue to sell it as we do, if it did  
not do all we claim it will. Should our  
enthusiasm carry us away, and **Rexall**  
"93" Hair Tonic not give entire satis-  
faction to the users, they would lose  
faith in us and our statements, and in  
consequence our business prestige  
would suffer.

We assure you that if your hair is  
beginning to unnaturally fall out or if  
you have any scalp trouble, **Rexall "93"**  
Hair Tonic is without question the best  
remedy we know of to eradicate dand-  
ruff, stimulate hair growth and prevent  
premature baldness.

Our faith in **Rexall "93" Hair Tonic**  
is so strong that we ask you to try it  
on our positive guarantee that if you  
money will be cheerfully refunded if it  
does not do as we claim. Two sizes,  
50c, and \$1.00. Sold only at our store  
—The **Rexall Store.** **R. E. McRoberts**  
& Son.

# The Prospects For A Tobacco Market In

Lancaster And The Advantages To  
Be Derived Therefrom.

From casual observation the Record  
is inclined to the belief that there is  
more than one movement on foot for  
the establishing of a loose leaf market  
for the handling of the tobacco crops  
of the future in Garrard county, and  
we have hope of their success. It is a  
well known fact that with the estab-  
lishing of one house of this description  
another almost invariably springs into  
existence, and this is eminently better  
for all concerned, as it establishes a  
lively competition. We are heartily in  
favor of a loose leaf market, regard-  
less of the manner in which it is or-  
ganized, but we are inclined to the belief  
that the larger the number of the  
stockholders and the more widely are  
they scattered throughout the county,  
the more successful will the venture  
prove. Every man interested finan-  
cially in the institution is as a matter  
of course interested in the success of  
the concern, and if the stock is scattered  
broadly among the farmers and  
growers of the county, its success will  
be assured from the first.

Many times within the last two years  
have we endeavored to point out the  
various advantages to be derived from  
the establishment of a home market,  
but once more will we endeavor to call  
the attention of the people to these ad-  
vantages. First and most deeply is it  
an advantage to the grower himself,  
it precludes the necessity of his haul-  
ing his crop to neighboring markets, a  
distance of from anywhere from twelve  
to thirty five miles, through all kinds  
of weather and all kinds of conditions,  
much to the detriment of his own  
health and comfort and that of his  
fields and his stock; it enables him to  
market his crop in one day, when heret-  
ofore it has taken from one to three,  
it enables him to await the proper time  
of the market before offering his rais-  
ing, and when offered, if the price is  
not satisfactory, to reject without the  
necessity of making another long and  
tedious trip to a distant market, and  
avoid the enormous expense of such a  
rejection; in fact it offers all the ad-  
vantages, with which the farmer is so  
well acquainted, of a home market.

Other advantages to be derived are  
manifest; the various buyers who come  
on our market are compelled to have  
houses in which to handle their pur-  
chases, this would mean additional  
barns would be in demand which would  
command a good price, additional labor  
would be employed, much of it home  
labor, which would mean the scatter-  
ing of more money in the community,  
as well as employment for idle men and  
boys; they would be compelled to have  
teams for the transportation of their  
purchase, which would mean money to  
the liverymen and teamsters, and in  
various other ways would they prove  
of advantage to the community. The  
greatest advantage, to our minds, in  
the establishment of a home market,  
would be in the fact, that money ob-  
tained from home products would be  
kept at home; the checks given for the  
home product would be deposited in  
home banks; there would be no pur-  
chasing of goods at stores in neigh-  
boring towns in order to get the money on  
their checks, the checks would simply  
be deposited in the home bank and the  
grower would make his purchaser of his  
home merchant, the man who has car-  
ried him when he had no tobacco crop  
to sell, and who consequently, prices  
and all other considerations being equal,  
is entitled to his trade. These few  
of many advantages which we have en-  
deavored to call attention to, should, in  
our mind, stimulate every citizen in the  
county to offer every inducement to  
those who are seeking to establish a  
home market, even to the taking of  
stock in the proposed concern; and  
that such stock is not a bad investment  
has been proven in adjoining towns,  
and we believe would so prove in Lan-  
caster.

It looks worse than useless to again  
call attention to the bulk and quality  
of Garrard county product; this year  
we have in the neighborhood of six  
millions of pounds of tobacco in Gar-  
rard county, and of a quality unsur-  
passed anywhere in any tobacco grow-  
ing country. This fact is attested to  
by the undisputable evidence of Gar-  
rard county tobacco commanding the  
top price on every market on which it  
is offered, and by the further fact that  
buyers are here daily, scouring the  
county in search of our production, not  
home buyers alone, but men represent-  
ing the various warehouses throughout  
the state. This of itself is evidence  
that our tobacco is in demand, and puts  
to shame the very idea of the flimsy  
theory advanced by some people op-  
posed to the plan of a home market, that  
"we cannot get the buyers", or that  
"the railroads will discriminate against  
us in the matter of rates."

The outlook for 1913 is for an un-  
precedented crop of tobacco in the county.  
Will we be prepared to care for this  
crop AT HOME? The answer lies with  
you. Will you give your aid, influence  
and assistance toward making this pos-  
sible? You will reap your reward in  
many ways, the establishment of such  
a market will prove to your advantage  
no matter what may be your line of  
business.

Now when you are approached on  
this subject, no matter how or by whom,  
give it your careful and earnest con-  
sideration, look at it from every stand-  
point, and if you do not aid, be sure  
you do not discourage such an effort.

The efforts which are being made are  
unselfish ones, no one has an axe to  
grind, there are no selfish motives, the  
good of the entire community is being  
kept in view and the community to a  
man should render every assistance in  
their power in furtherance of the  
scheme.

# LIVE STOCK

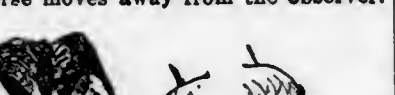

# ESSENTIAL FOR DRAFT HORSE

Important That Animal Should Walk  
Four Miles an Hour With Load  
and Without Tiring.

A draft horse does most of his hard  
work at the walking gait. It is there-  
fore important that he should be able  
to walk fast without tiring. He should  
be able to walk four miles an hour  
with a load. If his feet are deformed  
in any way, whether it be by disease  
or hereditary, he cannot do his best  
work.

The soles of the feet should turn  
up and show the shoes plainly as the  
horse moves away from the observer.

**Feet of Draft Horses.**  
No. 1. Hoof showing prominent  
"frog," unutilized "bars," strong  
walls and cupped sole.

No. 2. Distortion of hoof caused by  
acute founder.

The feet should be lifted quickly and  
evenly, and be set down squarely and  
firmly.

The hoofs should be ample in size,  
sound, smooth and symmetrical in  
shape. The hoof is a continuation of  
the skin of the parts above. The  
color of the skin decides the color of  
the hoof. Color counts for little, how-  
ever, if the hoofs are of poor shape  
and texture. The horn should be  
slightly cupped, not flat or bulging;  
the frog large, elastic, healthy and  
without a deep cleft; the bars promi-  
nent. Poor foot are one of the com-  
monest and most serious faults in  
draft horses.

# PURE BREDS VERSUS SCRUBS

Mongrel Is Excellent Hunter, but Will  
Not and Cannot Make Money  
for Its Owner.

The pure-bred animal is not one  
that will make good on poor feed and  
care. The scrub will beat the pure  
bred every time when it comes to  
"rustling" its own way. But the scrub  
will not and cannot make money for  
its owner. And right here is where  
the pure bred excels itself.

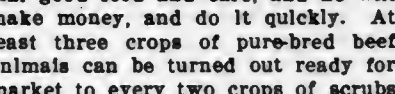

He has the capacity which the  
scrub has not. Give the pure-bred an-  
imal good feed and care, and he will  
make money, and do it quickly. At  
least three crops of pure-bred beef  
animals can be turned out ready for  
market to every two crops of scrubs  
or grades.

Grades make money for their own-  
ers sometimes, but the amount and  
the quickness with which results are  
obtained are in direct proportion to  
the infusion of pure blood, which  
makes the grades and better than  
scrubs.

# ROOT CUTTER IS ESSENTIAL

Implement Shown in Illustration  
Found Satisfactory in Preparing  
Food for Live Stock.

Having several tons of carrots and  
beets to feed to stock, I found it quite  
a job to cut them with a knife, so I  
made a root cutter as illustrated,  
which has given much satisfaction. I  
made a box, with three sides, of inch  
boards, three feet long. The bottom  
board, a, is eight inches wide and the  
side boards, b, which rest on it, are  
four inches wide. The top board, c,

Home-Made Root Cutter.

six inches wide, are fastened at an  
angle to the side boards, writes Anton  
Mickish of Union county, Ore., in the  
Farm and Home. Three legs, d, are  
fastened to the box. The knife, e, is  
fastened with a screw, f, to the mid-  
dle of the side board and a triangular  
piece of board, g, is fastened even  
with end of one side board so that  
the knife can be raised high when  
cutting large beets.

# Prime Bacon.

Prime bacon is really more credit  
to the producer than is lard alone. It  
is also true that the best bacon brings  
good prices, costs less to bring to fit-  
ness, and can be made a great staple  
if we work for it.

Kentucky has a two-million-dollar  
debt, and her income is not sufficient  
to pay her running expenses. Is it not  
time to call a halt on extravagancies  
and do something "to get out of the  
financial rut into which the old Ship of  
State has drifted? There is too much  
politics, and too little hard, common  
sense, business sense, among the leg-  
islators than is good for the Common-  
wealth. The way to economize is to  
economize and to abolish the Legisla-  
ture for a few years would be a great  
economical stroke. It would prevent  
a lot more foolish appropriations and  
would save a world of salaries and ex-  
penses that always add materially to  
the State's obligations.—Shelby Re-  
cord.

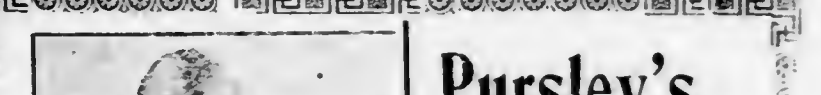

# Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health,  
says: "There is almost no relation be-  
tween skin diseases and the blood." The  
skin must be cured through the skin.  
The germs must be washed out, and so  
solves have long ago been found; worth-  
less. The most advanced physicians of  
this country are now agreed on this, and  
are prescribing a wash of wintergreen,  
thymol and other ingredients for eczema  
and all other skin diseases. This com-  
pound is known as D.D.D. Prescription  
for Eczema.

Dr. Holmes, the well known skin spe-  
cialist writes: "I am convinced that the  
D.D.D. Prescription is as much a specific  
for eczema as quinine for malaria. I  
have been prescribing the D.D.D. remedy  
for years. It will take away the itch  
the instant you apply it."

In fact, we are so sure of what D.D.D.  
will do for you that we will be glad  
to let you have a 21 bottle on our man-  
date that it will cost you nothing at  
less you find that it does the work.

## Gossip About People

A Brief Mention of the Comings and Goings by Those We Are Interested In.

Gus Dunn has been in Danville visiting relatives.

B. F. Hudson was in Richmond the past week.

A. W. Kavanaugh was in Richmond on business.

Gayle Doty is recuperating after quite a siege of chicken pox.

Louis Pherigo of Lexington has been with Lancaster relatives.

Dr. J. H. Perkins of Okla. has been in our midst for several days.

Mr. James R. Henry and family will leave shortly for Crystal City Texas.

Mrs. John Smith of Lincoln county was a visitor in Lancaster Saturday.

Miss Minnie Kemper of Danville is the guest of her sister Mrs. W. A. Price.

Miss Kathleen Hanley of Nicholasville is here for a visit to Miss Minnie Brown.

Mrs. A. M. Ramey, of Eminence is here visiting her daughter Mrs. E. M. Walker.

Mrs. A. T. Moberley of Coffeyville Kansas is here visiting Garrard relatives.

Mr. and Mrs. Logan Woods of Danville were guests Saturday of Mrs. J. M. Mount.

Mr. W. G. Kemper the popular insurance man of Lexington, was in our city Friday.

Miss Virginia Bourne is in Lexington for a stay with her grandmother, Mrs. Mary Woolfolk.

Hugely Shearer of Richmond and J. M. Stapp of Lexington were visitors in Lancaster Sunday.

Mr. Alex Walker who has been quite sick for several weeks, was able to be out for a drive on Monday.

Mrs. Emma Elkin has returned after a protracted visit to her son, Mr. Shirley Elkin, of Wheeling, West Va.

Miss Martha Ward Sweeney accompanied her aunt Mrs. Howard Hoising to Milwaukee for a visit.

Miss Lettie Mae McRoberts entertained the chafing dish club Friday evening in honor of Miss Sara Daniels of Paris.

Miss Beattie Guiley entertained at a well appointed course dinner in honor of Mesdames Woolfolk and Collins of Lexington.

Messrs Elmore and Hopper of the Garrard Bank & Trust Co. spent Sunday with friends and relatives in Harrodsburg.

Mrs. John E. Anderson and daughters Miss Bettie Anderson and Mrs. W. R. Marrs of Knoxville motored to Lancaster Saturday.

J. H. Spratt of Paris, Miss Hettie Spratt and Claude Kidd of Paint Lick were guests the past week of Miss Lucile Spratt.

Miss Dove Harris of Danville was called here Saturday by the serious illness of her nieces Misses Sadie and Patsy Anderson.

Mrs. Margaret Gamble of Danville, and Miss Mattie Green of Lexington were called here by the death of their sister Mrs. Naylor.

Mr. and Mrs. Maurice Ashley and baby returned to their home in Richmond, Sunday after a visit to Mr. and Mrs. J. S. Sanford.

The Mary Walker Price Chapter of the U. D. C. held a Lee and Jackson memorial service Monday afternoon at the Hotel Kengarlan.

R. H. Price a prominent South Carolina horse and mule dealer, and who is a frequent visitor to Lancaster was here several days last week.

Mrs. W. J. Romans entertained the members of Elder F. M. Tindler's Bible class and W. Ross Bastin's class at her home on Richmond street.

Miss Mary Rankin is at Burnside for a visit to friends.

Mr. and Mrs. Ben Eason of Rowland have moved to Lancaster.

Mr. J. E. Robinson made a business trip to Frankfort Tuesday.

Mr. and Mrs. W. Ross Bastin were visitors in Lexington the past week.

Minnie Johnson has accepted a position at the new school at Paint Lick.

Mr. Green Clay Walker after a weeks stay in Lexington returned home Monday.

Mr. R. R. Denton has been in Stanford visiting his daughter Mrs. W. S. Fish.

Miss Rella Arnold was in Crab Orchard Sunday the guest of Mrs. Robert Collier.

Mrs. J. B. Paxton of Stanford was here Monday to see her mother Mrs. A. C. Robinson.

Miss Katharine Melvin of Crab Orchard has been the recent guest of Miss Fannie Sutton.

Drs. McKee and Bass of Lexington were here Saturday for the funeral of the late Logan R. Smith.

Mrs. Robert Dunlap Blanton of Athoe Ky., is here visiting her parents Mr. and Mrs. J. W. Elmore.

Mrs. James Witt has been in Nicholasville with her mother Mrs. Ambrose Cobb who has been quite sick.

Miss Lilly Noel of Danville is here for a visit to Mrs. U. D. Simpson and daughter Miss Katie Simpson.

Miss Ida Potts has returned to Cincinnati after a stay of two weeks with her sister Mrs. Davis Prather.

Mr. and Mrs. John S. Baughman of Danville were here Monday for the burial of Miss Sadie Anderson.

Mrs. John Boland of Huntington, West Va., was called here by the death of her father the late Mr. W. S. Walker.

Mr. W. H. Grider the popular insurance man of Richmond, accompanied by his wife are registered at the Kengarlan.

The condition of little Lucile Ballou of Stanford remains unchanged much to the regret of her many friends in our town.

Mr. Ed Price has returned from Danville where he went to see his brother-in-law Dr. S. P. Drant who remains quite sick.

"Mummy" Marrs has been mingling with his many friends for several days and all will be glad to know that his territory now includes Lancaster.

Mrs. Jake Miller and children and mother, Mrs. Morgan, have returned to their home in West Va., after several weeks visit to Mr. and Mrs. N. Miller and family.

Mr. and Mrs. B. G. Fox and Mr. Monte Fox of Danville, Mr. James Phillips of Winchester and Dr. Bass of Lexington attended the funeral of Logan R. Smith last Friday.

Miss Amanda Anderson's many friends will be glad to know that she has sufficiently recovered from her recent accident, as to be able to take charge of her school work again.

An interesting meeting of the Women's Club was held Wednesday afternoon. The leaders for the books discussed Uncle Tom's Cabin and Ramona, were Mesdames Emma G. Kauffman and J. L. Riley.

We regret to learn that Dr. Price Grant of Danville is critically ill. Dr. Grant is a son-in-law of Garrard, having married one of our most estimable and charming women, Miss Fannie Price.

Mrs. Kate Wherritt Berkele of New Orleans, another ardent friend of the Record in renewing her subscription, asked to be remembered to her friends and adds that she is homesick to see them all.

Little Miss Cecil Batson was given a party at her home on Lexington street. The hours were from 3 to 5. The happy occasion was to celebrate the 6th birthday of the attractive little Miss.

Mr. Ike S. Dunn of Lexington passed through our town Tuesday on his way to the mountains to purchase lumber to build several tobacco barns.

Mr. Dunn unfortunately lost a large barn several months ago by fire.

The following from here will attend the Calloway-Walker wedding which will occur at the bride's home at Eminence Saturday Jan. 25th. Mesdames Givens Terrill and Ed Walker Miss Margaret Walker and brother Robert Walker.

Mrs. M. D. Hughes was hostess for a course dinner in honor of Mrs. J. West of Washington City. The following were assembled around the table: Mesdames W. T. West U. D. Simpson, Emma G. Kauffman, R. T. Embury and Misses Sallie Elkin and Katie Simpson.

In renewing her subscription to the Record, our good friend, Miss Allie B. Brown of Louisville, gives expression to the following kind words: "The Central Record is like a long letter from home every week and I wouldn't be without it if the price were \$5.00 a year."

Miss Brunette D. Arnold left Tuesday for Paris Ky. where she will visit her brother H. B. Arnold for a week, after which she will visit her sister Mrs. S. H. McMakin for a week and thence to Marshall Okla. for an extended visit to her sister Mrs. Dr. Richmond.

Miss Annie Belle Burnside who came home from Birmingham Ala., where she is attending school, to spend the holidays with her parents Mr. and Mrs. J. G. Burnside, and was prevented from returning by an attack of grippe, has sufficiently recovered as to be able to return to Birmingham on last Friday, and will at once resume her studies.

An announcement of interest here to the readers of the Record is the following about a former Lancaster boy: "Mr. and Mrs. Louis Des Cognets announce the engagement of their daughter Estella and Hogan Lowndes Yancey. The date of the wedding has not been decided. The prospective groom will be remembered here at his old home as a handsome attractive lad, and the youngest son of the late lamented Mrs. Sarah K. Yancey of Lexington."

Reserved seats 50c, at R. E. McRoberts Drug Store for the Old Maid's Club.

## A Good Paper.

We are in receipt of a copy of the Daily Leader, published at Benton Harker Mich. The Leader is a seven column, eight page daily and a very creditable sheet. Mr. S. A. McDearmon who married Miss Lucy Arnold of this place is connected with the circulation department of the Leader.

## One Who Knows Gives The Reasons Why Mr. Chas. Montgomery Of Casey County Failed To Attend The Committee Meeting In Stanford.

Dr. James P. Riffe, who formerly attended school in Lancaster but who is now practicing in Erlanger Ky under the firm name of "Dr. J. P. Riffe & Son", has written the Record a letter in which he throws some light upon the true reason why Mr. Chas. Montgomery of Casey county, and a member of the district committee, failed to attend the recently called meeting in Stanford Ky. The part of Dr. Riffe's letter which bears upon this particular subject reads as follows: "Now what I want to write about is the 'Senatorial Committee, which did not meet on account of the absence of Charles Montgomery of Casey county. It so happened that Mr. Montgomery married a niece of mine, and he had her here to see me, and I sent her to the German Deaconess Hospital in Cincinnati last Wednesday, and she underwent a serious operation last Friday. Mr. Montgomery was with her, and this accounts for his non attendance at the meeting. He spoke of the meeting and regretted very much that he could not meet with the committee. He left Cincinnati last night for Liberty". Mr Riffe's letter was written the 20 inst.

## Walker.

Mr. Stephen Walker passed quietly to rest on last Thursday afternoon at 6:30 o'clock at his home on Lexington street in this city after an illness of more than two years duration. During his long period of suffering Mr. Walker has sought the advice of the most eminent physicians and has submitted to several painful operations, all of which afforded him but temporary relief, his malady being of such a nature that with its complications, there was no hope of permanent relief.

W. S. Walker was born in Garrard county Ky. on April 11, 1811, the oldest son of John and Jane Kavanaugh Walker, who were of hardy old Virginia stock, and whose many sturdy qualities were handed down to their eldest son. He was first married in 1842 to Miss Belle, the daughter of the late A. F. Denny, and to that union was born Miss Belle Walker, who has long since gone to her reward, and Miss Elizabeth, now Mrs. J. W. Boland of Huntington W. Va. After the death of his first wife Mr. Walker was again married in 1871 to Miss Fannie Terrill, who survives him, together with four sons, Messrs John W. and Toles T. Walker of this place, Arch K. Walker of Princeton Ky., and Robert Walker of Fayetteville Tenn. and one daughter Miss Margaret Walker of this place, as well as by two brothers, Messrs J. Wade and Arch K. Walker and one sister, Mrs. Elizabeth Denny, all of the county. During his entire life Mr. Walker has resided upon his farm to the south east of Paint Lick, until a few months ago he purchased and moved to a home on Lexington street in Lancaster, in the hope that the change of scene and surroundings might prove beneficial, and in order that he might be closer to the care of a physician.

A Presbyterian of the old school, Mr. Walker united with the church at Manse, Old Paint Lick, in his early boyhood days, and it has been through the instrumentality of him and his brothers that the church at that place has maintained its position as one of the strongest churches of that denomination in this part of Kentucky. For more than thirty years he has been one of the elders.

An uncompromising democrat, he has ever been ready and willing to give of his time and talent for his party's welfare, and has been considered a power through the county in time of elections, but he has never aspired to office, in fact he has studiously avoided office holding, refusing to accept office, which he might time and again had at the hands of his party, but which he has often rejected, save the office of Magistrate of his district, which office he consented to accept, principally because he believed that he might be of more benefit to the community in which he dwelt.

A blunt, plain spoken man, but with a heart as tender as a woman's, and with a kindly sympathy for all who were distressed, and a hand as ready as a heart that was true, he was a blessing to the people in whose midst he dwelt, ever ready to assist them in their trials, both with good advice and that which was more substantial, for miles around there were those who will miss him for his many noble and charitable deeds, whom he had befriended time and again, when there was no one else to whom they might turn. To these his memory will ever be fondly cherished, and the knowledge is brought vividly to them that they have lost a friend whose place it will be impossible to fill. Oldest of the famous "Walker Bros." of Garrard county, he is known all over the United States as a follower of the hounds and a raiser of fine fox hounds; the first president of the National Fox Hunters Association, and an officer in that organization since its foundation. Even in his declining years, the last two years when he was desperately ill, he delighted to meet with his old friends of the organization when they would hold their annual meeting at Crab Orchard, and to him the sweetest music on this earth was the baying of a favorite hound. The entire county mourns him as a true hearted, noble minded christian gentleman, and our grief while felt more poignantly here at home, where he is known and loved best, is shared

by a host of friends all over the country, who have met him in the various walks of life and came to recognize his many sterling characteristics, and whose kindly sympathy was manifested by floral tributes and letters and telegrams of condolence.

On Saturday morning, followed by a long concourse of sorrowing friends the funeral cortege proceeded to "Old Paint Lick", where in the old Presbyterian church at that place, his church, Rev. W. M. Eldridge, the pastor, assisted by Rev. F. M. Tindler of this place performed the last sad rites after which all that was mortal of this good man was placed at rest in the family lot in the beautiful country cemetery adjoining the church. The death of Mr. Walker is a county wide calamity, for no man was known better, and to know was to love and respect him, and the tears and grief of the entire community is mingled with those of the family in their bereavement.

Dont miss the Old Maids Club next Tuesday night.

## Card Of Thanks.

We desire to extend our sincere and heartfelt thanks to the many kind friends who have extended us such sincere sympathy and assistance in our recent affliction and bereavement.

Mrs. Pattie Anderson and family.

## Supervisors Adjourn.

The county Board of Supervisors who have been adjusting the county's taxable property for the past ten days have finished their deliberations and County Clerk J. W. Hamilton and Will Doty are busy making a recapitulation of the work. We hope to give the result of their labors next week.

## Name Of Stone Postoffice Changed.

The name of the postoffice at Stone in this county has been changed and the name of the office is now Coy. All mail formerly intended for Stone should be addressed to Coy, Garrard county Ky. This action was taken by the postoffice authorities and was rendered necessary by the fact that there is another office called Stone in Pike county Ky, and the mail for the two offices was being badly confused.

## Send In Your Name.

Representative Harvey Helm, of this Congressional District, has by special concession, of the Agricultural Department, secured a few hundred small packages of Burley Tobacco seed, said to be of exceptional quality, and will send a package to each of the tobacco growers of this county who will send him a note or card requesting same, if they are heard from before the supply is exhausted. —Danville Messenger.

## Crap Shooters Fined.

In Judge Fords court Wednesday James and Thomas Grimes, white, and Curt Ambrose, John Opp, Rob Mullins and Minor Hamilton, colored, charged with crap shooting were fined \$26, and costs each. These parties were engaged in a crap game last Sunday near Bryantville, at which time Oscar and Will Grimes became engaged in a quarrel in which the latter was shot in the face with a shot gun. Most of the men fined will serve out their sentence on the public road under guard, spending their nights in jail, as they were unable to pay the fines.

## YOU'LL FIND IT IN THIS COLUMN.

We are now prepared to take boarders and furnish rooms.

J. W. Walke r.

## FARM and GARDEN

### MOLE WORKS DURING WINTER

Little Animal Keeps Busy Where Ground Is Not Frozen Too Hard—His Strength Is Marvelous.

(By T. H. SCHEFFER.)  
The mole, like the pocket gopher, is more or less active at all seasons of the year, but it is during the rainy period, when the soil is moist, that his work is pushed most vigorously. Shallow runways are then rapidly extended in all directions and old runways repaired.

Hand, Foot and Nose of Common Mole.

The strength of these little animals is marvelous. They will heave up the surface of a path trodden so hard that repeated blows of a pick will be needed to break the crust.

Ordinarily the mole makes his way through the soil as a root does, or a stake when driven by the blows of a sledge. The earth is not excavated, but simply crowded aside. When the ground becomes very hard, of course, the mole is obliged to excavate the passageways and push the loose dirt out through the openings of the roof of his tunnel.

The mole keeps at work all through the winter in places where the ground is not frozen too hard. He works more frequently in the morning and evening.

Moles do very little harm to the roots of grain, grasses or vegetables, except in pushing the soil aside, and they live principally on the white grub, earth-worms and beetles.

He thus proves himself to be a friend to mankind, because grubs are the greatest scourges of grass and other valuable plant roots.

### VALUE OF THE DRILL SYSTEM

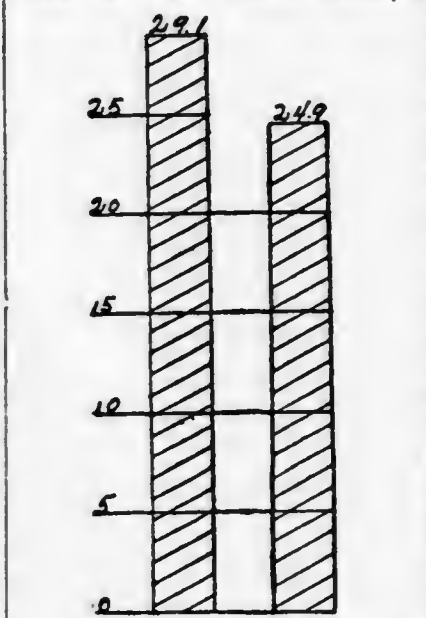

Question Most Frequent in Discussions on Wheat Raising Is Answered by Many Farmers.

(By L. C. BURNETT.)  
The value of the drill is the question most frequent in discussions on

wheat raising. The results of four years' tests in Iowa are found to be 4.2 bushels of winter wheat gain per acre when the grain was drilled, over that which was broadcasted. This, figured at 70 cents per bushel, the average price of wheat for the time covered by the experiment, shows a balance of \$2.95 per acre in favor of drilling.

The opinion of farmers in all parts of the country seems to be about the same, when it comes to the value of the drill.

Edward Lefot of Minnesota says: "Five pecks per acre is the usual quantity sown when the wheat is drilled, and six pecks broadcast. Experiments seem to indicate that a larger quantity of seed does not increase the yield. I prefer drilling to

Showing Loss of Bushels Occasioned by Broadcast Seeding.

broadcasting, mainly because it places the seed where each kernel will germinate at once and there is absolutely no waste of seed.

A Pennsylvania farmer says: "Drilling proves best here."

In Virginia, 30 bushels per acre has been and is being harvested each year from broadcast seed.

In Kentucky drilling is said to have given far better results than broadcasting.

A Missouri farmer writes: "I prefer the drill, as it distributes the seed more uniformly."

From North Carolina a farmer writes: "If the seed is evenly distributed we think broadcasting best in the south, as it keeps down all other vegetation."

There has been much complaint recently of the large percentage of spoiled eggs to the case. Some of this trouble, it is declared, is due to the storage of eggs near onions, oils or other things with pronounced odors.

The feed now in sight will give you a pretty good idea as to how much stock you can carry over winter. It is the best policy to have a little too much feed than to be a little short; it means all the difference between thin stock and those in good condition.

### MOLASSES FOR DAIRY COWS

Used by Farmers in North More Than Ever Before, but Not Yet Found Entirely Satisfactory.

(By WALTER B. LEUTZ.)  
More molasses is being fed in the north than ever before, but most dairy farmers are not yet satisfied that it is profitable.

In an experiment at the Hatch station, Prof. J. B. Lindsey says: "Molasses contains about 3 per cent. of protein and 70 per cent. of digestible sugar."

"Compared with corn meal," says Prof. Lindsey, "it equals substance pound for pound in results obtained in feeding milk cows, but when fed to horses they do not seem to be quite equal to the same weight of corn and oats."

"It is estimated that corn meal at \$1.20 per hundred pounds, molasses would be worth about \$1 per hundred pounds. Its quoted price in Boston is 12 cents per gallon by the barrel and 8.6 per gallon in 10 barrel lots. A gallon weighs about 12 pounds, so that at present relative prices the molasses would be a little cheaper feed than corn meal."

"A good point with the molasses is that it is agreeable to stock and makes them always ready to eat such substances as cut corn stubble, malt sprouts, distillery feeds, etc., when mixed with the molasses."

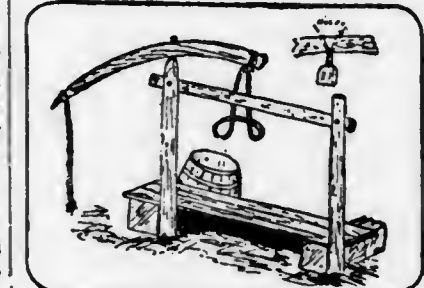

"A serious objection is that molasses is not very convenient stuff to handle and attracts flies in summer. As a mixture with high-grade protein foods, I suggest one-third distillery grains, one-sixth cotton seed meal, one-half molasses, or one-third malt sprouts, one-third gluten-meal and one-third molasses."

"For working horses, nine pounds of provender and one quart of molasses, or twelve pounds of provender and three pounds of molasses, or for hard-working horses substitute one-half pound dry hulled or one pound cotton seed oil or linseed meal in place of an equal quantity of provender."

### HOG SCALDING IS MADE EASY

By Use of Apparatus Described and Illustrated Animal May Be Hung With Little Exertion.

Make a lever and hanging pole as in illustration. To allow the lever to work both ways bore two slanting holes and chisel out the space between. Pull both end of lever down as low as possible, and tie securely to

For Hog Scalding.

the hog. By pulling on small end of pole one man can then easily lift the hog while another turns it, writes Arnold Kurth in the Missouri Valley Farmer. To hang hog put gambrel in on one side and tie rope to that leg. Then by walking to the left the man at the end of lever can bring the hog up and directly under pole when gambrel can easily be put in place and the hog hung with little exertion.

### Public Sale

Of Land, Stock, Farming Implements, Etc.

As Agent of the Heirs of Lucy Montgomery I will sell at Public Auction on the premises four miles East of Bryantville on the waters of the Kentucky River near Lock No. 8 on

TUESDAY, JANUARY 28, 1913.

The following property to wit:—About 127 acres of Rich Hill Land. 1 Pair of horse mules 15-12 hands high, 4-year-old well broken; Coming 3-year-old harness mare, work anywhere; 1 Aged mare; 9-year-old brood mare, well broken; Coming 2-year-old horse colt; Coming 2-year-old filly colt; 1 three-year-old short horn cow. Coming 2-year-old short horn heifer, be fresh in May; 3 Sows and 6 Shoats; 1 cider mill; 1 two-horse Sorghum mill; a few farming implements; 75 bbls of corn in shuck and other things to numerous to mention.

Terms will be made known on day of sale. Sale begins at 10 o'clock. Henry Montgomery, Agt.

FOUND: Childs black muff owner can have same by calling at this office.

An all star cast of local talent in the Old Maids Club under auspices of Woman's Club.

Last weeks open weather afflicted some of Lancaster's good ladies with "sweet pea fever". Better wait until after Easter, it comes early this year.

### Four Score Years.

The Record joins with the many friends of Mrs. William Anderson in congratulations upon her having passed the eightieth milestone on life's journey. Mr. and Mrs. Anderson celebrated their golden wedding a number of years ago and here is hoping they may live to celebrate their diamond wedding.

The Record joins the Richmond Climax in wishing a former Lancaster boy success in his new home.

Mr. John W. Dunn, who has been night clerk at Hotel Glyndon for some time, left Sunday for Monroe, La., where he will take the position of head clerk in Hotel Monroe, a very high class hotel. Mr. Dunn's many friends here gave him up with much reluctance but wish him well in his new home.

### Splendid Paper.

If the new hands, Messrs. Robinson and Elkin, keep the Lancaster Record up to the high standard of last issue, they will prove leaders in the journalistic line. The paper consisted of eight pages—seven column folio—all check full of good reading matter and attractive ads. Don't weary in well-doing, brethren and you'll soon be on the shady side of Easy street.—Danville Messenger.

### "Some" Stand Pipe.

The city of Lancaster is erecting a stand pipe which, for height, caps the climax. It stands one hundred and forty-five feet from foundation, and is about forty-five feet higher than cupola on the court house. The pipe is erected within one hundred feet of the Public Square, and will give the strongest pressure obtained by any city in this section. By an addition to the dam, the lake, which supplies the water will give an inexhaustible supply. Our good neighbors are to be congratulated on their enterprise.—Danville Messenger.

### Suit For \$210,000.

Filed in Lincoln Circuit Court On Policy Held By Beneficiaries Of Late James Robinson Against Equitable Life Assurance Society Of New York.

Suit was filed in the Lincoln Circuit Court today in behalf of the children of the late James Robinson of the Hubble section of Lincoln county against the Equitable Life Assurance Society of New York for the sum of \$210,000. The suit is filed upon a policy taken out by the late Mr. Robinson with the defendant Society in 1869, when the Equitable Society was comparatively in its infancy. The policy was taken out on the mutual plan and the suit seeks to have the plaintiffs to participate in \$71,000,000 of unassigned surplus funds which have accumulated to said Society since the taking out of said policy, and which the defendant Society claims belongs to no one in particular, that is, is assigned to no particular class of policy holders.

The question raised in the beginning of this suit is an entirely new one, never having been raised or passed upon in any court of the United States, and seeks to settle as to the disposal of these enormous amounts of unassigned surplus funds which gradually accumulated, and which as above stated, the Society claims "belong to no particular class of policy holders." Attorney J. E. Robinson of this place filed the suit and will have associated with him in its prosecution Judge Edward C. O'Rear and his associate Mr. Ben Williams of Frankfort, Ky. The outcome of this suit will be watched with great interest all over the country by those who are interested in this class of litigation.

### FLATWOOD

J. H. Miller has moved back to his farm.

W. H. Furr sold a mare to Bill Able for \$75.

Little John Rout Furr is quite sick of a severe cold.

Mr. and Mrs. Geo. Elam visited at W. H. Furr's Sunday.

Arthur McQuerry sold 5 shoats to Sam Johnson for \$15.

Miss Lucy Longworth who has been very sick of pneumonia is better.

Mr. Wheeler Meadows visited his sister Mrs. May Owens last week.

Jerry Arnold has moved to Grant Hammonds farm that he bought from John Cress.

Mr. Nathan Willeford of Crad Orchard visited his son Aric and his new daughter-in-law last week.

In Squire Coldrons court last Saturday Bob Lee (of col) was fined \$5, and costs for an assault on Harrison Gaffney.

In the case of Mrs. Totten Tankersley against Squire Parsons for using improper language to her was ordered before the Grand jury.

All the tobacco farmers on Mrs. E. H. Walker and Woods Walkers farms have sold their crops except L. W. McQuerry—at prices ranging from 15cts, to 17 1/2 cents a pound.

### FARMER'S COLUMN

space below this heading is for the exclusive use of our farmer subscribers, and is for the sale of stock, grain and such things on farm as the farmer cannot afford to advertise. No notice will be accepted over four lines, and will be only in two issues of the Record, free of charge.

Logan Burke sold two mules to John Rubles price \$255.

For Sale—12 Buff Cochins, yearling chickens. Phone 245.

T. C. Rankin bought of Eph Leavell one mule for \$115.

J. C. Gastineau bought one mule of J. F. Watts for \$130.

H. B. Cox bought eight shoats of Wes Lioen at \$6.40 a cwt.

FOR SALE:—Good family horse. L. G. Davidson, Lancaster, Ky.

FOR SALE: One good work mule. Milton Ward, Lancaster, Ky.

I have 20 shoats of sorghum to sell. Noah Marsee, Lancaster, Ky.

Riding on a manure spreader has assisted many man to where he could ride in an automobile.

FOR SALE—Some nice Rose Comb Brown Leghorn Cockerels. W. S. Embury, Lancaster, Ky.

FOR SALE:—I have 200 shoats of good fodder would like to feed out to cattle. Bright Herring, Lancaster, R. F. D. 2.

FOR SALE: Shetland Ponies, any quantity, any age, any size, any sex any color. R. L. Elkin, Lancaster, Ky.

I have 14 two-year-old mules to sell or will loan to responsible parties. T. B. Robinson.

The most liberal form policy written can be had from Stults & Stults, Lancaster, Ky., Agents for the Continental Insurance Co.

### For sale.

A good saddle stallion and black Jack. Both good breeders. A. T. Traylor, Stanford, Ky. R. F. D. No. 4.

Twenty-five million dollars is the estimated loss to the citrus fruit growers of California by reason of three days of freezing weather in that State.

Eph Leavell purchased a pair of mules of his son for \$350. Henry Cox sold to W. B. Burton a pair of nice mare mules for \$430.

Demand for good, productive farm property is steadily increasing. Some

very high prices are paid for well improved farms.

FOR RENT:—My farm of 86 acres for the year 1913. 20 acres to cultivate 20 acres in meadow balance in grass. Price \$875. Jas. G. Conn, Wilmore, Ky. or J. A. Conn Jr. Lancaster, Ky.

I have 36 three-year-old mules that I will sell in pairs or any number to suit the purchaser. John C. Robinson, Danville, Ky. Cumberland Phone 275-2rings.

W. B. Burton purchased 5 horses at Danville court from various parties at prices ranging from \$150. to \$200. each. He also bought a pair of mules of H. C. Sutton for \$430, and a pair from Center Bros. for \$425.

W. B. Burton shipped to Frank Peacock, Freemont, N. C. 19 mules at an average cost of \$200. each, and 5 horses at \$177.00 each. He also purchased of W. B. Denny pair mules for \$370.00. J. L. Hamilton bought a pair mules of F. M. Tinder, price \$375.

January is a very good month in which to do such road repairing as is greatly needed upon several much neglected roads. Where there is metal on the road and repairs are needed to cure the effect of wear and tear it is possible to do good work in winter provided the weather is fairly open. But a road torn up in January certainly remains impassable till April or May.

One hundred boys from the various counties that had corn clubs this season sent ten ears each for the city people to see what was being done. Not only the public, but the great daily newspapers grew very much interested. A number of editorials appeared during the ten days of the exhibit, and almost daily a picture of some successful corn grower appeared. This display contained five varieties of corn.

The following sales were made at B. G. Fox's sale stable Monday: Pair mules to C. McLane, \$362.50, 1 mule to C. S. Robinson, \$152.50, mare mule to same, for \$145. one 2 year old horse mule to G. B. Gaines, \$117.50, pair two year olds to Will Tamney \$222.50, pair horse to mules to Will Leavell, for \$200.00, mare mule to Philip Cobb, \$160.00, one to George Dunn, \$140, and two mules to Will Leavell for \$262.50, 2 year old to Breed Arnold, \$128.00. (Winchester Sun.)

Yantis Conkwright, the little 9-year-old son of Mr. and Mrs. S. J. Conkwright, of the Lexington pike, is making quite a record for himself. He has just sold his one-half acre of tobacco, which he raised in 1912. It weighed 820 pounds and sold at 14 cents per pound, bringing him \$115 for the half acre. This is the third crop the boy has raised. In 1911 he raised one-quarter of an acre which he sold for \$49; in 1910, when he was only 7 years old, he raised one-eighth of an acre, brought him \$30.

Frankfort Journal: A colored boy, fourteen years old, raised 730 pounds of tobacco on three-quarters of an acre of ground in Bourbon county and sold the crop for fifteen cents a pound. That darkey has the proper recipe for getting a firm grip on the "door of hope." He is setting a good example for his race and also for a few white men who spend most of their time whittling sticks and chewing tobacco at the cross-roads store or the village grocery. There are many such individuals who do a lot of winter farming—in their minds—and utterly fail to do any effective business with the soil at seed time and harvest.

The trouble with a large number of Garrard county farmers they think they can use some kind of fertilizer, such as bone dust, guano, nitrates or phosphates and have "self raisin" crops.

You can use yeast and have self raisin bread or you can have a self raisin fuss on most any farm without any effort, but you can use all the fertilizers in creation and you won't have any "self raisin crops". The farm has to have a head piece and plenty of elbow grease just like every other business that succeeds. The farm well tilled doesn't give the farmer any time to do odd jobs for Mr. Wilson, such as filling his cabinet or telling him who

ought to be Postmaster.

Henderson county is going into the improved farming business with a determination to win. Henderson probably was the first county in the state to secure a government farm expert. The fiscal court made the appropriation necessary, leaving the farmers and business men of the county to use whatever money they may raise for other purposes.

Our tobacco warehouse has been filled to overflowing every since the holidays and the fragrant weed is selling at prices that put a broad grin on the face of the grower.

Not only the farmer but the merchant and the banker are "wearing the smile that won't rub off", for what helps one helps the other. Every body is getting some of this tobacco money and its presence is being materially felt in our town.

Mr. R. H. Price the South Carolina stock broker, who is an annual visitor to the Lancaster market, has been here the past week and has succeeded in securing a car load of horses and mules which he shipped to Seneca S. C. He included the following purchases in his load: 5 mules of W. B. Burton at \$145. each, also a couple of nice horses of John Peace, \$145. 4 mules of Senator K. L. Hubble at \$172. each, 1 mule of W. T. Robinson of Danville, \$100, a pair of mules of W. V. Gastineau, \$250, a pair of mules of Center Bros., \$310, one mule of Wilson Rogers, \$170, one mule of Colby Jenkins, \$175, and three mules of M. O. Kennedy at \$150. each. The mules were from 4 to 7 years old and will be distributed by Mr. Price among the farmers in and around Seneca to be used for farming purposes.

Master James Fisher of this county, aged 7, sold his crop tobacco Saturday on the Paris market. The young man's crop brought the high average of \$5 per hundred. He carried the water to make a season for transplanting. He nursed it, carefully cultivated it and gave it all the tender care a boy usually bestows on his most beloved pets. Constantly he watched the weak, tender looking plants expand into large, sturdy leaf bearing stalks. Always he kept on the lookout for the monster green worms whose rapacious appetites seemed capable of devouring a dozen crops the size of his own. His eager eyes saw it yellow with the dying summer, and under his direction it was carefully housed in his father's barn.

The many little fellow undoubtedly felt great pride in his summer's labor when he saw his tobacco bring twenty-five cents per pound, and perhaps took more delight in that check he received for his crop, than he will ever take in any other check, no matter how large it may be. —Paris Democrat.

Lester Bryan, the boy champion corn producer of Kentucky, arrived in Louisville yesterday from his home at Rockfield on his way to Washington, where boy champions of all the State will gather for a five day educational tour of the Capital before attending the National Corn Exposition at Columbus, S. C. January 27.

Bryant, who is 15 years old, has won \$300 in prizes on his corn products. The championship was awarded on an acre of corn that produced 149 bushels netting \$70.33. Some of the stalks were fifteen feet high and grew seven ears to the hill. His closest competitor was Edward Gallrein, 14 of Jefferson county, whose corn ran 146 bushel to the prize acre at a net profit of \$68.50. Bryant was accompanied to Louisville by Fred Mntchler, who is in charge of the Boys' and Girls' Club work of the Western Normal School, John M. Atherton, of Louisville, is paying the expenses of his trip out of general interest in the development of agriculture in Kentucky. Departments of the State and Government and the Normal School are co-operating in encouraging crop development through the award of prizes.

While in Washington, Bryant will visit the White House, the National Museum the Smithsonian Institution, the Capitol and other places of interest and while at the National Corn Show he will receive some special instructions in soil culture and additional schooling on crops and how to make big ones.

Local Agent For  
Garrard County.

R. L. ELKIN.
